J. H. KERR,
Secy. to the Govt. of Bengal.

INDIAN FOREST SERVICE.

Regulations as to the Appointment of Probationers, 1915.

1. *Appointments.*—The Secretary of State for India in Council will, in the summer of 1915, make a number of appointments of Probationers for the Indian Forest Service.

In making these appointments, he will act with the advice of a Selection Committee.

2. *Applications for Appointments.*—Applications for appointment must be made on a printed form to be obtained from the Secretary, Revenue Department, India Office, Whitehall, London, S.W., and to be returned to him not later than **Thursday the 1st July 1915**. Candidates must be prepared, if called upon, to attend at the India Office, at their own expense, for a personal interview with the Selection Committee within three weeks from that date.

3. *Age Limit.*—Candidates must be not less than 19 but under 22 years of age on the 1st January 1915.

4. *Nationality, &c.*—Every candidate must be a natural-born subject of His Majesty. He must be prepared to give an undertaking, if selected, that he will ~~not~~ marry before he reaches India. If he does so, he will forfeit his appointment. He must be of good physique, and must produce evidence of character to satisfy the Secretary of State for India in Council that he is suited for the Indian Forest Service.

5. *Qualifications.*—Candidates must have obtained a degree with Honours in some branch of Natural Science* in a university of England, Wales, or Ireland, or have passed the Final Bachelor of Science examination in Pure Science in one of the universities of Scotland†. A degree in Applied Science will not be considered as fulfilling these conditions. Candidates will be required to produce evidence that they have a fair knowledge of either German or French.

Note.—Applications for appointment will be accepted from candidates who, on the 1st July 1915, have already sat at an examination for a degree as mentioned above, but have not learned the result of the examination.

6. Should there be more candidates considered to be qualified in every respect than vacancies to be filled, the Secretary of State reserves the right to require them to pass a competitive examination conducted by the Civil Service Commissioners, on the results of which their final selection would depend. Particulars of this examination, which would be held in August, will be found in Appendix I.

7. *Medical Examination.*—Selected candidates will be required to undergo a strict examination by a Medical Board at the India Office, at which particular stress will be laid on good vision and hearing, and to satisfy the Secretary of State for India that they are physically fit for service in the Indian Forest Department (see Appendix VI).

Candidates, who do not satisfy the Secretary of State for India that they are physically fit for appointment to the Indian Forest Service, will not be admitted to the competitive examination mentioned in Regulation 6.

8. *Period of Probation.*—Before appointment to the Indian Forest Department, a probationer will be required—

- (i) to have obtained, either before selection as probationer, or within the period of two years' probation, the degree or diploma in Forestry at one of the Universities named in the margin:

* A Moderatorship in Natural Science or in Experimental Science at the University of Dublin will be considered as fulfilling these conditions.

† Graduates in Forestry at the University of Edinburgh are regarded as satisfying the requirements of this paragraph if they pass the Final Examination of that University in some one branch of Natural Science embraced in the degree in Pure Science.

- (ii) to have undergone a special course of instruction in Forestry, under the direction and supervision of the Director of Indian Forest Studies appointed by the Secretary of State for India in Council, in such British and Continental localities as may be selected for the purpose;
- (iii) to have passed an examination in certain special subjects, namely, Systematic Botany of Indian trees, Indian Geology, Forest Law, Indian Working Plans, and, if required, an Indian vernacular language;
- (iv) to have undergone a final competitive examination in Forestry (See Appendix II);
- (v) to have satisfied the Secretary of State, in such manner as may be determined, of his ability to ride.

The period of probation will in ordinary cases be two years. The Director of Indian Forest Studies will instruct probationers in each case as to the order and manner in which they should fulfil these various requirements.

9. *Charges.*—The probationers will be required to defray all expenses of lodging, board, tuition, and excursions, while at the University, and on practical instruction in Great Britain and on the Continent, with the exception of fees payable to local forest officers in Great Britain and on the Continent.

10. *Allowances.*—The Secretary of State for India in Council will make payments to each probationer at the rate of 120*l.* annually, not exceeding a total of 240*l.* (besides the fees to local officers mentioned above). These payments will ordinarily be made on the following dates in each year:—

				£
On the 1st December	30
On the 1st March	30
On the 1st June	60

The cases of probationers whose probation does not extend over the full two years will be specially considered.

The grant of the allowances is subject to the following conditions:—

- (a) that the progress of the probationer in his studies is satisfactory;
- (b) that the probationers give security to refund the payments in respect of this advance, as well as such payments, not exceeding 60*l.* in all, as may have been incurred by the Secretary of State on the probationer's behalf in respect of fees to local forest officers, in the event of his failing to qualify for an appointment in the Indian Forest Service, or not signing the articles of agreement as specified in paragraph 13, or failing to join the Indian Forest Service at the end of the period of probation.

11. *Conduct.*—Every Probationer will be required to conduct himself during the period of probation in a manner satisfactory to the Secretary of State, and to give evidence of satisfactory progress in his studies in such a manner as may be required, failing which, or in the event of serious misconduct, he will be liable to have his name removed from the list of Probationers.

12. *Appointment and Seniority.*—Probationers who comply with the requirements of Regulation 8 within the sanctioned period of time, and also satisfy such other tests as may be prescribed, will be appointed Assistant Conservators in the Indian Forest Department, provided they are of sound constitution and free from physical defects which would render them unsuitable for employment in the Indian Forest Service. Their position in the provincial Forest Lists will be determined by the Secretary of State for India in Council on the report of the Director of Indian Forest Studies; but in making selections for the post of Conservator, officers joining the service in the same year are reckoned as equal in seniority unless the Secretary of State for India in Council shall for special reasons have directed otherwise in any particular case or cases.

Probationers will be allowed at the end of the period of probation to state their preference in respect to the Provinces to which they desire to be allotted; but the distribution will be made to the several Provinces according to the needs of the public service, at the discretion of the Secretary of State for India in Council. Officers are, however, at all times liable to be transferred from one Province to another at the pleasure of the Government of India.

13. *Articles of Agreement.*—A probationer is required, on qualifying for appointment as Assistant Conservator, to sign articles of agreement setting forth the terms and conditions of his appointment; he must embark for India when required to do so by the Secretary of State, and must engage his own passage. Failure to embark at the stated time will, in the absence of satisfactory explanation, lead to forfeiture of appointment.

14. *Passage allowance.*—An allowance on account of passage to India will be paid to each probationer on appointment to the Indian Forest Service, to the amount of 37*l.* 10*s.* for passage to Calcutta, Madras, or Bombay, and 43*l.* for passage to Rangoon.

NOTE.—The above is the normal rate of passage allowance. In consequence of the surtax of 10 per cent., at present charged by shipping companies in respect of passages to India, the above rates of passage allowance have been raised to 41*l.* 5*s.* and 46*l.* 5*s.*, respectively. Should this surtax be removed, these rates will be reduced to those given in paragraph 14.

15. *Salary.*—An Assistant Conservator of Forests will draw pay at the rate of Rs. 380 a month (equivalent to 304*l.* a year, when the rupee is at Rs. 4*d.*) from the date of his reporting his arrival in India.

16. *Promotion, Leave, Pension, and Provident Fund.*—Promotion, leave, and pension will be governed by the Regulations laid down by the Government of India, and applicable to Forest officers, such regulations being subject to any modifications or alterations which may be made in them from time to time by the Government of India, and their interpretation in case of any doubt arising being left to that Government. A copy of the existing regulations can be seen on application at the India Office.

Certain information regarding appointments in the upper controlling staff of the Indian Forest Service, the pay of which has been recently improved, will be found in Appendix III; a summary of information regarding Leave is contained in Appendix IV; and regarding Pensions and the Provident Fund, in Appendix V.

LEAVE.

Long Leave.

1. Furlough and special leave with allowances (*see* paragraph 5) are admissible to an aggregate maximum amount of six years during an officer's service. The amount of furlough "earned" is one-fourth of an officer's active service, and the amount "due" is that amount less any enjoyed.

2. Furlough without medical certificate can, if due, be generally taken after eight years' active service, and again after intervals of not less than three years' continuous service. It is limited to two years at a time.

3. Furlough on medical certificate may be granted (a) to an officer who has rendered three years' continuous service, for not more than two years, but capable of extension up to three years; and (b) to an officer who has not rendered three years' continuous service, up to one year in any case, and up to such longer period, if any (but not exceeding two years in all), as the officer may have furlough "due" to him.

¶ The officer holding this appointment draws in addition to the pay of his grade a minimum local allowance of Rs. 200 a month.

† These appointments are allotted to the various provinces as follows:—Burma, 66; Madras, 32; Bombay, 28; Central Provinces, 24; United Provinces 29; Punjab, 12; Bengal, 12; Assam, 13; and Bihar and Orissa, 6; and 4 Imperial Instructors at Dehra Dun.

‡ Until he has passed the prescribed Departmental examinations, an Assistant Conservator is liable to stoppage of increments of pay. On passing the examinations he will resume drawing pay under the time scale at the rate to which his length of service entitles him.

§ These draw a local allowance of Rs. 150 a month in addition to their grade pay, with the exception of the President, Forest Research Institute and College, in whose case the allowance is at the rate of Rs. 200 a month. Of these 10 appointments, the four posts of Imperial Instructors have been sanctioned for five years from 1912, for the present.

NOTE.—Under the improved scale of salary shown above, no Exchange Compensation Allowance is granted.

4. The allowances admissible during furlough are :—

- (1) During the first two years of furlough without medical certificate and during so much of furlough with medical certificate as may be "due"—half average salary, subject to certain maximum and minimum limits.
- (2) After the expiration of the period for which the foregoing allowances are admissible—one quarter of average salary, subject to certain maximum and minimum limits.

5. Special leave may be granted at any time for not more than six months, with intervals of six years' service; allowances, calculated as during furlough, are given during the first six months only, whether taken in one or more instalments.

Short Leave.

6. Privilege leave is a holiday which may be granted to the extent of one-eleventh part of the time that an officer has been on duty without interruption; and it may be accumulated up to three months, earned by 33 months' duty. During privilege leave, the officer retains a lien on his appointment, and receives the salary which he would have received if on duty. An interval of not less than six months must elapse between two periods of absence on privilege leave.

Privilege leave may be prefixed to furlough, special leave, or extraordinary leave without allowances. The whole period of leave thus taken in combination is known as combined leave. Combined leave may not be granted for a period of less duration than six months, nor, except on medical certificate, may it be extended beyond two years.

7. Subsidiary leave in India for a minimum of 10 days, usually with half average salary, is granted to an officer proceeding on or returning from leave out of India, or on retirement, to enable him to reach the port of embarkation or to rejoin his appointment. It is admissible only at the end and not at the beginning of combined leave.

8. Short leave is also granted to enable officers to appear at examinations, etc.

9. Extraordinary leave without allowances may be granted in case of necessity, and, except in certain specified cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave.

General Rules.

10. Leave of absence can never be claimed as of right, and is given or refused at the discretion of Government.

11. When leave allowances other than privilege leave pay are paid at the Home Treasury, or in a Colony where the standard of currency is gold, rupees are converted into sterling at the rate of exchange fixed for the time being for the adjustment of financial transactions between the Imperial and Indian Treasuries, unless any other rate has been exceptionally authorised. But for the present the rate of conversion is subject to a minimum of 1s. 6d. to the rupee. Privilege leave pay when issued from the Home Treasury (this is only admissible when privilege leave is combined with other leave) is converted at 1s. 4d. to the rupee.

APPENDIX V.

(See Note under Appendix IV.)

PENSIONS AND PROVIDENT FUND.

1. An officer of the Indian Forest Service is eligible for a pension on voluntary retirement after completing 20 years' qualifying service or attaining the age of 55 years. If at an earlier date he is compelled to retire from the service through ill-health, not occasioned by irregular or intemperate habits, he becomes eligible for an invalid pension or a gratuity according to the length of his service.

The amount of pension or gratuity is regulated as follows :—

After a service of less than 10 years, an invalid gratuity not exceeding one month's emoluments for each completed year of service.

Officers who have shown special energy and efficiency during an effective service of three years as Inspector-General of Forests or Conservators may, at the discretion of the Government of India, be allowed an additional pension of Rs. 1,000 a year, subject to the condition that the officer must not retire voluntarily before the completion of a total qualifying service of 28 years.

Subject to certain prescribed conditions, rupee pensions are now issued to pensioners residing in countries where the Indian rupee is not legal tender at the rate of exchange of 1s. 9d. the rupee.

2. A General Provident Fund has also been established on the following basis :—

- (a) The contribution is compulsory up to 6½ per cent. on salaries, with voluntary contributions of not more than a further 6½ per cent. Subscriptions on leave of any kind are optional.
- (b) Compound interest on such payments is annually credited by Government to each officer subscribing, the rate being at present 4 per cent. per annum.
- (c) The sum which thus accumulates to the credit of an officer is his absolute property, subject to the rules of the Fund, and is handed over to him, unconditionally, on quitting the service; or, in the event of his death before retirement, to his legal representatives, or such other person or persons as, under and subject to the rules of the Fund for the time being in force, may be entitled thereto.
- (d) Other forms of life insurance will, however, if they fulfil certain conditions, be accepted in lieu of the contributions in (a).

APPENDIX VI.

GENERAL PHYSICAL REQUIREMENTS.

[*Note.*—These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service; and that his discretion is in no respect limited by these Regulations.]

1. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

2. In the examination of candidates the Medical Board will apply the following table of correlation of age, height, and chest girth:—

Age.	Height without shoes.	Chest.	
		Girth when expanded.	Range of expansion.
	Inches.	Inches.	Inches.
19 to 20 ...	62½ and under 65 ...	35	2
	65 " 68 ...	35	2
	68 " 70 ...	35½	2
	70 " 72 ...	36	2
	72 and upwards ...	36½	2½
21 and upwards	62½ and under 65 ...	35	2
	65 " 68 ...	35½	2
	68 " 70 ...	36	2
	70 " 72 ...	36½	2½
	72 and upwards ...	37	2½

3. *Measurement of Height.*—The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths. No fixed limit of height is imposed.

4. *Measurement of Chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, the posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. This maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and the maximum will then be recorded.

5. The hearing must be good.

6. The speech without impediment.

7. The teeth in good order, i.e., decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication.

8. The chest must be well formed, the lungs and heart sound.

9. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.

10. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.

11. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

12. A candidate must not be the subject of chronic skin disease.

13. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

14. Candidates may, if they wish it, undergo a preliminary examination as to their physical fitness by the Medical Board, which meets at the India Office every Tuesday, under the following conditions:—

(a) Applications must be addressed to the Under-Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas.

(b) Candidates must pay their travelling expenses.

(c) It must be understood that the opinion of the Medical Board, which will be communicated by the Board to the candidate at the end of the examination, is solely for the candidate's own information and is not an

official finding. The Board, if they consider a candidate unfit, will exercise their discretion as to informing him of the particular grounds on which their opinion is based. No further information can in any case be given as to the Medical Board's opinion which will be confined solely to the physical fitness of the candidate; and any question as to the eligibility of the candidate, if found physically fit, to be admitted to the particular Indian service which he desires to enter, should be addressed in writing to the Under-Secretary of State.

(d) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, *at their own risk*, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board prior to their appointment.

(e) As the preliminary examination by the Medical Board is held solely for the candidate's information, a candidate who is informed after such an examination that he is physically fit will have on that account no claim to be accepted as physically fit when he presents himself for the final medical examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the Service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

REGULATIONS AS TO THE STANDARD OF VISION FOR THE INDIAN FOREST SERVICE.

1. If myopia in one or both eyes exists, a candidate may be passed, provided the ametropia does not exceed 2.5 D, and if with correcting glasses, not exceeding 2.5 D, the acuteness of vision in one eye equals $\frac{6}{8}$ and in the other $\frac{6}{8}$, there being normal range of accommodation with the glasses.

2. Myopic astigmatism does not disqualify a candidate for service, provided the lens or the combined spherical and cylindrical lenses required to correct the error of refraction do not exceed—2.5 D; the acuteness of vision in one eye, when corrected, being equal to $\frac{6}{8}$, and in the other eye $\frac{6}{8}$, together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3. A candidate having total hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals $\frac{6}{8}$, and in the other eye equals $\frac{6}{8}$ with + 4 D or any lower power.

4. Hypermetropic astigmatism does not disqualify a candidate for the service, provided the lens or combined lenses required to cover the error of refraction do not exceed 4 D, and that the sight of one eye equals $\frac{6}{8}$ and of the other $\frac{6}{8}$, with or without such lens or lenses.

5. A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than $\frac{6}{12}$. In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye, which are not referred to in the above rules, may exclude a candidate for admission into the service.

6. Squint, or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. The existence of imperfection of colour sense will be noted on the candidate's papers.

NOTIFICATION.

No. 852 Regn.—The 19th January 1915.—The following rules regarding the special test of Sub-Registrars for District Sub-Registrarships, having been sanctioned by the Governor of Bengal in Council, are published for general information:—

SPECIAL TEST OF SUB-REGISTRARS FOR DISTRICT SUB-REGISTRARSHIPS.

This examination has been instituted for the purpose of testing the fitness of Sub-Registrars for performing the duties of a District Sub-Registrar. Ordinarily Sub-Registrars in the first three grades, who are not over the age of 40 at the time of the examination, will be eligible to appear at the test, provided they have obtained the previous permission of the District Registrar and of the Inspector-General of Registration. Such permission should be given only to officers whose work as Sub-Registrar has been

satisfactory, and who seem likely to make good District Sub-Registrars. In the case of a difference of opinion between the District Registrar and the Inspector-General of Registration as to the fitness of a Sub Registrar to appear at the test, the matter will be submitted for the orders of Government.

2. After the end of 1915, in making appointments as District Sub-Registrars, preference will be given, other considerations being equal, to Sub-Registrars, who have passed the Special Test. Officers who have passed the test will ordinarily be tried as Officiating District Sub-Registrars as vacancies occur, but it must be distinctly understood that the mere passing of the test gives them no claim to an appointment, and that their confirmation as District Sub-Registrars will depend on their work and conduct.

3. The test will be directed and controlled with the assistance of the Inspector-General of Registration, by the Central Examination Committee. It will be held in Calcutta, annually or at such intervals as the Inspector-General may determine, on the dates fixed for the half-yearly departmental examination of Assistant Magistrates and Deputy Collectors. A notification regarding the intention to hold a test will be published in the *Calcutta Gazette* at least six months before the test is held. The test will consist partly of a written examination in law and accounts, and partly of a practical examination, in the duties of a District Sub-Registrar.

4. The object of the written examination is to test the candidates' knowledge of law, of accounts, and of the English language. There will be two papers on law—one to be answered without the help of books, and the other with the help of books. Only unannotated editions of Acts and Codes will be allowed in answering the latter paper. There will be a third paper in accounts to be answered with the help of books. The questions in the two papers to be answered with books will be prepared, as far as possible, with reference to practical points likely to arise in the ordinary work of a District Sub-Registrar, and candidates will not be expected to show a knowledge of abstruse legal questions or of technical accounts matters. A list of the prescribed text-books is given in the Appendix.

5. The practical examination is intended to test the candidates' ability to perform the administrative and inspecting functions of a District Sub-Registrar and to write intelligent and intelligible notes and reports. Candidates will be given a file of official papers in connection with a case arising in the Registration Department and will be required to write a *précis* and to draft a letter carrying out the orders indicated in the notes on the file. They will also be required to inspect a Sub-Registrar's office, and to write an inspection note in narrative form, setting forth the results of their inspection.

6. The marks to be assigned in the different subjects are shown below :—

SUBJECT.				Maximum marks.	Pass marks.	Proficiency marks.
1.	Law without books	150	75	120
2.	Law with books	100	50	75
3.	Accounts paper	100	50	75
4.	Practical test: ...	{ Office work	...	50	25	35
		{ Inspection	...	100	50	75
Total				500	250	380

In awarding marks, special attention will be paid to legible, hand-writing and a good working knowledge of English.

7. Candidates who pass in any of the subjects will not be required to present themselves again for examination in that subject, but except for special reasons and with the special permission of the Inspector-General of Registration, no Sub-Registrar will be allowed to appear at the test more than twice. Candidates will not ordinarily be allowed to inspect a Registration office until they have passed in the other subjects.

8. The names of successful candidates will be published in the *Calcutta Gazette*. They will be arranged in two classes, the first consisting of those who pass with proficiency and the second of those who obtain only pass marks.

9. Sub-Registrars attending the test will be allowed travelling allowance subject to the provisions of articles 1116 and 1117 of the Civil Service Regulations. They will also be allowed travelling allowance for their journeys in connection with their inspections of Sub-Registration offices.

10. The first test under these rules will be held at the time of the Departmental examination in October or November 1915.

J. H. KERR,

Secy. to the Govt. of Bengal.

Agreement executed by the Comilla Central Co-operative Bank, Limited, desiring to acquire land under section 41 of the Land Acquisition Act.

AGREEMENT made this 19th day of December 1914 between THE COMILLA CENTRAL CO-OPERATIVE BANK, LIMITED, a Co-operative Society incorporated under the Act (Act II of 1912) relating to Co-operative Societies and having its registered office at Kaudirpar within the town and Municipality of Comilla, district Tippera (hereinafter called the Company), of the one part and THE SECRETARY OF STATE FOR INDIA IN COUNCIL (hereinafter called the Secretary of State) of the other part.—

Whereas for the purpose of the construction of an office building and out-houses, etc., the Company has applied to the Government of Bengal for the acquisition under the provisions of the Land Acquisition Act, 1894 of the piece or parcel of land containing 1 bigha, 1 cottah and 2 chitaks or thereabout situate in the village of Kandirpar within the town and Municipality of Comilla, district Tippera and more particularly described in the schedule and delineated in the plan* hereunto annexed.

And whereas the said Government of Bengal being satisfied by an enquiry held under section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public, has consented to acquire on behalf of the Company the said piece of land.

And whereas the said Government of Bengal has required the Company under the provisions of section 41 of the abovementioned Act to enter into the agreement with the Secretary of State hereinafter contained. Now this indenture witnesseth that it is hereby agreed and declared as follows:—

1. On demand the Company shall and will pay to the said Government of Bengal all and every compensation in respect of the land which will be acquired for the Company tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, 1894 or by the Court to which a reference under Part III of the said Act may be made, or by the Court or Courts to which an appeal from the award of the said Court may be preferred and all costs, charges and expenses of the proceedings in the aforesaid Courts or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector the obligations of the Company under the last preceding clause not being thereby limited, the Company shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the Company of all demands under the foregoing first clause, or in the discretion of the said Government of Bengal (on deposit by the Company of all estimated amounts as provided in the second clause), but not before possession shall have been taken under the provisions of the above-mentioned Act, the Secretary of State shall make over possession of the said land to the Company and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Company.

6. Should the said building and outhouses, etc., not be completed (and fully equipped in all respects ready for use) within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of Bengal or should the said land at any time thereafter cease for a period of eighteen consecutive months to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause then and in any such case, the said Government may summarily re-enter upon and take possession of the said land, and thereupon the interest of the Company in the said land shall absolutely cease and determine.

**REVISION OF PAY OF CIVIL ASSISTANT SURGEONS
APPOINTED TO BE CIVIL SURGEONS IN BENGAL.****FINANCIAL DEPARTMENT.****MEDICAL.**

CALCUTTA, THE 2ND FEBRUARY, 1915.

RESOLUTION—No. 189Medl.**READ—**

- (1) Letter from the Government of India, Home Department, No. 358, dated the 4th June 1913.
- (2) Letter to the Government of India, Home Department No. 44T.Medl., dated the 19th July 1913.
- (3) Letter from the Government of India, Home Department, No. 844, dated the 21st September 1914.
- (4) Letter to the Government of India, Home Department, No. 5049Medl., dated the 5th November 1914.
- (5) Letter from the Government of India, Home Department, No. 1159, dated the 3rd December 1914.

IN connection with a scheme for the improvement of the pay and prospects of the Civil Assistant Surgeons in Bengal, which was sanctioned by the Government of India in Home Department Resolution No. 1142—50, dated the 22nd August 1898, it was decided for the first time that a certain number of Civil Surgeoncies should be opened to this class of officers. The pay to be drawn by a Civil Assistant Surgeon when appointed to a Civil Surgeoncy was then fixed at Rs. 350—30—500 a month. In 1912 the pay and prospects of the Civil Assistant Surgeons in Bengal were generally revised, but the rate of pay to be drawn by these officers holding Civil Surgeoncies was left unaltered. The question of improving their pay has, however, since been under consideration, and the Government of India have now decided in the Home Department letter No. 844, dated the 21st September 1914, cited in the preamble, that the pay of Civil Assistant Surgeons appointed to be Civil Surgeons in Bengal should be raised from Rs. 350—30—500 to Rs. 400—40—600 a month. These orders will have effect from the 21st September 1914.

2. The Government of India have also subsequently sanctioned in Home Department letter No. 1159, dated the 3rd December 1914, the following concessions to the Civil Assistant Surgeons appointed to officiate as Civil Surgeons, viz. :—

- (i) that Civil Assistant Surgeons officiating as Civil Surgeons should be allowed, irrespective of their grade, to draw the full minimum pay of the post, in recognition of their higher status and increased responsibilities and of the additional expenses incidental to short incumbencies; and
- (ii) that when a Civil Assistant Surgeon has drawn pay at the rate of Rs. 400 per mensem for a year as a Civil Surgeon, officiating or substantive, he should be eligible for his first increment in the scale of pay of Civil Assistant Surgeons promoted to Civil Surgeoncies.

These orders will have effect from the 3rd December 1914.

ORDER :—Ordered that a copy of this Resolution be published in the *Calcutta Gazette*, and that a copy be forwarded to the Surgeon-General with the Government of Bengal and to the Accountant-General, Bengal, for information and guidance.

By order of the Governor in Council,

H. L. STEPHENSON,

Secretary to the Govt. of Bengal.

No. 818.—*The 16th February 1915.*—In the year 1903 His Majesty's Secretary of State for India sanctioned as a provisional measure the institution of a certain number of scholarships, tenable by natives of India, in Europe or America. The purpose of these scholarships was to provide for natives of India that higher technical education which might qualify them to assist in promoting existing native industries and developing new industries wherever this might be possible. Technical education for this purpose was defined as *a*) the study of the scientific methods and principles underlying the practice of any handicraft, industry or profession, and *b*) the application of these methods and principles to the handicraft, industry or profession in question. Law, medicine, civil engineering, forestry and veterinary science, being already provided for, were not included among the subjects to be studied by the holders of the technical scholarships, and agriculture was excluded from the scope of the scheme.

2. The Government of India have decided to award, during the year 1915, one scholarship to each province, provided that the Local Government or Administration concerned has a suitable candidate to nominate, and that its recommendation is submitted in accordance with the principles which are stated in paragraph 5 below, and that the industry to be studied is either already developed or in the process of development.

3. It may, however, happen that, owing to the dearth of eligible candidates in certain provinces, two or more scholarships may on occasion be available for allotment to other provinces. If, therefore, a Local Government is in a position to recommend confidently more than one candidate, such recommendation may be submitted to the Government of India. In such cases the candidates need not necessarily be selected for the same industry.

4. As regards the current year, it has been decided, after consultation with representatives of the mercantile and industrial communities, that one candidate will, if possible, be recommended for a scholarship in connection with either Mechanical Engineering or Electrical Engineering. If a second scholarship is allotted to Bengal, a second candidate may be recommended in either of the subjects. The selection will depend largely on the character of the applications received.

5. The principles in accordance with which recommendations for scholarships will be submitted to the Government of India are as follow:—

- (a) In making selections Government will bear in mind the fact that it will be necessary for the students to have a competent knowledge of English, or of the language of any other country to which they may be sent.
- (b) Government will also be guided by considerations of the capacity and intelligence of applicants, and of the practical interest shown by them in the industries selected, as also the assurance which they may afford that they will continue to devote themselves to the industries selected on their return in India. These being matters which cannot be decided by competition, it is to be understood that the scholarships are not to be regarded as prizes, for which every one has a right to claim an equal opportunity of competing.
- (c) As a general rule, a scholar, before being nominated, should have received the best technical education available in the province in the particular industry which he proposes to study. The standard of this education differs in different industries, and each may be considered on its own merits. Even if the standard of technical education in a particular industry is low, the scholar may be nominated, if he has availed himself of the best facilities obtainable, and shown an interest in the industry selected.
- (d) No age-limit is fixed for scholars, but an age-limit may, at the discretion of Government, be fixed for any particular scholarship for which they invite applications.
- (e) No scholar shall be selected without passing a searching examination as to physical fitness to undertake the manual work which will be an essential part of his career.

6. The following are the conditions and terms on which the scholarships are tenable:—

- (a) The value of the scholarships has been fixed at £150 a year, exclusive of fees payable to the institutions where the scholars will study, and travelling expenses; but in special cases Government will consider proposals for increasing the amount of the scholarships.
- (b) In ordinary circumstances the period for which a scholarship is tenable will be two years, but in special cases it may be increased to a third year, or, on the other hand, it may be reduced below even two years.
- (c) The scholarships are tenable in foreign countries as well as in Great Britain, and are payable from the date on which a scholar reports his arrival in the country which he may have selected for the purpose of study.
- (d) The scholarships are tenable by persons who are natives of India within the meaning of section 6, Statutes 33 and 34 Vic., Cap. 3.
- (e) The scholars, while in England or elsewhere, will be under the supervision and control of the Educational Adviser of Indian students in London. The conditions under which they will hold the scholarships are given in the "Rules for Indian Government Technical Scholars in England," a copy of which is attached to this notification.

7. It is essential, not only in the interests of the scholars themselves, but also in order to avoid unnecessary extensions of scholarships, that the beginning of the period of the scholars' residence in England should coincide with the opening of the academical session of the institution which they propose to enter. It has accordingly been arranged, in consultation with the Secretary of State, that scholars shall report themselves in England not later than the middle of September. It has also been ascertained that it is of no advantage to them to reach England earlier than this, and that consequently they should not ordinarily leave India before the middle of August.

8. The special attention of candidates is invited to the fact that scholars must depend upon their own exertions when they return to India, and that

the Government cannot, and does not, undertake to provide them with employment.

9. All applications for scholarships to be awarded during the year 1915 must reach the Director of Public Instruction on or before the 10th March 1915.

10. Applicants for scholarships must state their birth place, age and father's name and occupation and file certificates as to (1) moral character and antecedents, (2) educational qualifications, (3) knowledge of the language of the country in which the scholarship is to be held, and (4) physical fitness. Candidates must name the country to which they propose to proceed and the course of studies which they propose to take up while in receipt of scholarships. They should also state whether they have had any actual experience of the industry or industries for which the scholarships are offered.

RULES FOR INDIAN GOVERNMENT TECHNICAL SCHOLARS IN ENGLAND.

1. The Secretary of State considers it desirable that all Government scholars should avail themselves of the information and advice which the Educational Adviser to Indian students is in a position to give them, and these rules are framed with that end in view. Government scholars, equally with private students, may consult the Educational Adviser upon any question, and will receive from him all possible assistance, and the Secretary of State hopes that they will communicate with the Educational Adviser, not only on the occasions when they are directed so to do in these rules, but also in any circumstances of difficulty and whenever they desire advice or information. Scholars will be regarded as being under the supervision and charge of the Educational Adviser, to whom they should in all cases address any communication they may have to make, and to whom also all report or other communications having reference to scholars should be sent. The Educational Adviser will bring to the notice of the Secretary of State on behalf of any scholar any question requiring his decision, and will communicate to the scholar the orders passed by the Secretary of State.

2. Every scholar should, on reaching England, at once call on the Educational Adviser* and report his arrival in writing. He should leave his address with the Educational Adviser and intimate to him from time to time all changes therein.

3. Every scholar should, without unnecessary delay, inform the Educational Adviser to which University, College, or other Institution he is about to proceed, and should at once take steps to enter himself at the Institution finally selected with his approval.

4. Every scholar must, within four weeks of reaching England, submit to the Educational Adviser, for the approval of the Secretary of State, a statement showing the general course of study he proposes to follow to carry out the objects of the scholarship granted to him; and he should, during his first College term, submit a further statement showing as accurately as possible the details of the total cost of such course of study. This latter statement should in every case be prepared in consultation with the Principal of the College or Institution at which the student is entered.

The course approved must not be changed without the sanction of the Secretary of State.

5. Every scholar must give a written undertaking that he will devote himself exclusively, during the tenure of his scholarship, to the study of the subject for which his scholarship was granted, and that he will return to India on its termination, and there continue to devote himself to the industry which he has studied. Any scholar who neglects his studies, or tries to work for any other profession concurrently, will render himself liable to forfeiture of his scholarship.

6. Every scholar will be required to keep a concise daily diary, to be certified by the authority under whom he is working, and to be submitted at the end of each term through that authority to the Educational Adviser and to the Secretary of State for transmission to India. He must also submit, in the same way, from time to time, full notes of the work on which he is employed.

7. Scholars will be expected to continue their studies during the summer vacations of the institutions where they are working, with the

exception of three weeks in each year. Vacation study should, when possible, take the form of practical work.

8. Applications giving a detailed programme of the vacation work the scholar proposes to do, accompanied with a complete estimate of any extra expenses for fees and travelling, must be sent in through the Principal of the Institution or the Professor under whom the scholar is working before the end of the month of April. Scholars are not entitled to any subsistence allowance in addition to the scholarship allowance during time spent on vacation work, but a scholar who receives permission to visit the Continent may, if the Secretary of State for India in Council considers that the circumstances render it desirable, be granted a subsistence allowance calculated at such rate as the Secretary of State may decide.

9. Every scholar must, at the end of each term of residence at a University or College, submit to the Educational Adviser a certificate from the proper University or College authority, showing that his residence, conduct, and progress in study have been satisfactory during the term.

10. Every scholar must at all times obey such instructions as he may receive from the Secretary of State, either directly or through the Educational Adviser.

11. Subject to a due compliance with the above conditions, the allowance, at the rate of £150 a year for two years, or three years if so determined, will be paid quarterly in advance by the India Office, commencing from the date of the scholar's reporting his arrival in England. The first payment will be £37 10s. Three months after the date of reporting arrival the amount of the ensuing official quarter day will be paid. Subsequent payments will be made in advance, on or after each official quarter day. The allowance will be reduced by the amount of any other sum which may become payable to him out of the revenues of India in respect of residence at a University, College or Institution during the same period or any part of it, but not in respect of University or College fees, the cost of which will be separately defrayed by the Secretary of State. Fees for private tuition are not defrayed by the Secretary of State unless previously sanctioned by him.

The necessary travelling expenses of scholars, by second class, or by third class if no second class be available, will also be separately defrayed by the Secretary of State; these should be claimed on forms obtainable from the Educational Adviser.

Deposits and other charges which are part of the regular fees exacted by the authorities of the educational establishment in which a scholar is working will be paid by the Secretary of State; but charges for books, instruments, hotel bills, and medical attendance must be paid by the scholar himself (any refund of a deposit must be repaid to the Secretary of State).

12. No claim can be admitted for the payment or refund of any expenditure unless the scholar has obtained the *previous* sanction of the Secretary of State for India to such expenditure. (This does not apply to necessary travelling expenses referred to above.)

13. Every scholar will forfeit his scholarship who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to complete the required term of residence in England according to the terms and conditions approved by the Secretary of State under rule 4, or who is guilty of misconduct or disregard of the instructions of the Secretary of State. If a scholarship be forfeited, or if it be resigned before completion of its term, or if a scholar on completion of the term of his scholarship declines to return to India in accordance with the undertaking mentioned in rule 5, the scholar will lose his claim to a free return passage to India, and will further become liable to refund the cost of his free passage to England.

14. At the expiration of his scholarship a scholar is provided by the India Office with a free second-class passage to India. The scholar is not entitled to make his own passage arrangements and to claim an allowance in lieu from the India Office without the special sanction of the Secretary of State. All communications on this subject are to be made to the Educational Adviser.

15. Should the Secretary of State be advised that the state of a scholar's health is such as to render his return to India desirable, the scholarship may be terminated forthwith and a free return passage granted to the scholar.

SCHEDULE 3.

Scheme.

1. The Endowment shall be called "The Ram Gopal Sen Endowment" after the name of the father of the Donor. Babu Hera Lal Sen, the Deputy Magistrate and Deputy Collector of Ranchi.

2. In the event of any of the debentures of the Calcutta Municipality or the Port Trust forming part of the Endowment being paid off, the proceeds thereof shall, as far as possible, be invested by the Treasurer of Charitable Endowments in similar debentures or other debentures or investments authorised by sub-section 3 of the Charitable Endowments Act, which will pay not less than 4 per cent interest.

3. The Director of Public Instruction, Bengal or other executive head, for the time being, of the Education Department under the Government of Bengal, shall be the Administrator of the Endowment.

4. The object of the Endowment is to provide scholarships for persons of the Subarnabanik community, such persons being not more than 25 years of age and being selected as hereinafter provided from students attending or about to attend at any technical institution approved by the Administrator or at any school in Calcutta affiliated to the University of Calcutta or at any college, wherever carried on, affiliated to the said University, provided that the person selected has satisfied, or shall, within three months after his selection, satisfy, the ordinary conditions of admission to such institution, school or college, provided always that amalgamated scholarships may be provided for students under clause 5 or clause 14 as hereinafter mentioned.

5. The present income of the said Endowment of Rs. 15,000 is Rs. 600 per annum, but if by reason of any alteration of investments or other cause the said income arising from such Rs. 15,000 shall be reduced or increased the value of the scholarships hereinafter mentioned shall be deemed to be reduced or increased proportionately.

Each year's income shall, subject to the amalgamation of scholarships under clause 14 hereof, be applied in payment of five ordinary scholarships of Rs. 120 each, distributable over a period of two years as hereinafter mentioned.

Five ordinary scholarships shall accordingly be awarded in the manner hereinafter mentioned every year, provided always that if at any time one amalgamated scholarship of the income of the said Rs. 15,000 for two years shall be awarded under clause 14 hereof for a student going abroad, no ordinary scholarships shall be awarded in respect of the income for such two years which would otherwise have been available.

The Donor may in any year amalgamate any two or more ordinary scholarships into one in cases where larger fees are required for any particular institution, and any such scholarship amalgamated under this power (as distinguished from clause 14) shall be deemed in all respects, other than the amount thereof, to be an ordinary scholarship.

In the event of the addition to the Endowment under clause 13 hereof of any sum of Rs. 3,000 accumulated as therein mentioned the number of ordinary scholarships shall be increased by one, and all the provisions of this scheme shall apply *mutatis mutandis* as if such sum had been part of the original Endowment.

6. The selection of students to receive scholarships shall be made by the Donor during his life-time and thereafter by his eldest son, Manik Lal Sen, and after the death of the eldest son, by his eldest son, and so on by the male descendants of the said son, and in the event of failure of male descendants of the said son, then by the second and third sons (Nitai Lal Sen and Gour Lal Sen) and their male descendants, respectively, in order, and after them, by the four elder brothers of the Donor (Bikai Chand Sen, Doyal Chand Sen, Shyam Lal Sen and Ram Lal Sen) and their male descendants respectively in order.

7. Selections shall be made by the end of the first week of each academical year, and the Administrator shall forthwith be informed thereof in writing.

8. Upon failure by the person entitled to make any selection for any vacant scholarship and to inform the Administrator thereof within one year after the time aforesaid the Administrator shall make a selection which shall not thereafter be questioned for that scholarship. The Administrator may in such cases exercise all powers of amalgamation (where funds permit) in the same way as might have been done by the person entitled as aforesaid.

9. Selections of students to receive ordinary scholarships shall be made every year in manner aforesaid, and the ordinary scholarships awarded to them shall be tenable for two years each, and a selection of a student to receive an amalgamated scholarship under clause 14 may be made in any year, provided always that selections for scholarships, whether ordinary or amalgamated, shall only be made in respect of years in which there will be income available for the same and not already allocated to any scholarships.

10. Ordinary scholarships shall be distributed monthly; each monthly payment to be Rs. 5, or one-twenty-fourth part of the total sum available for each scholarship as aforesaid, as the case may be, the said monthly payments being increased proportionately where two or more ordinary scholarships are amalgamated. The monthly payments shall be made to each scholar direct, but the total income shall be paid annually by the Treasurer of Charitable Endowments to the Administrator who shall pay therefrom every month to the Principals or Headmasters of the respective institutions, at which scholars may be, the amounts due for that month on the respective scholarships for payment to the scholars, provided that in case of amalgamated scholarships under clause 14, they shall be distributed as therein provided. Any sums remaining in the hands of the Administrator, which for any reason shall not be required to be distributed for scholarships, shall be accumulated by the Administrator who shall once at least in every year pay such accumulations to the Treasurer for investment under the provisions of clause 13 of this scheme.

11. Scholars selected as aforesaid shall, if studying at a non-Government institution in Calcutta, report themselves once a month to the Administrator, or, in his absence, to the officer in charge of his office, and, if studying at a non-Government institution outside Calcutta, shall similarly report themselves to the Deputy Inspector of Schools of the district, or, in his absence, to the officer in charge of that office.

12. A scholarship shall be forfeited if the scholar fails to pass any University or Class examination which may be due to be passed by him according to the rules of the institution which he shall be attending, unless the Principal or Headmaster shall certify in writing that such failure was due to causes beyond the scholar's control. It shall be forfeited if the University of Calcutta disqualifies the scholar for further study or suspends him. It shall be forfeited if a scholar shall twice fail to report himself under clause 11, unless the officer to whom such report ought to have been made shall certify in writing to the Administrator that such failure was due to causes beyond the control of the scholar. A scholarship shall cease upon

the death of the scholar holding it, but shall be paid to him or his representatives up to and including the month in which he shall die.

13. Any income of any part of the fund which shall not have been expended in any year by reason of failure to select a scholar or scholars, or by reason of forfeiture of a scholarship or the death of a scholar, or for any other reason shall be accumulated by the Treasurer, and any sums so accumulated shall be applied in the first instance in payment of any expenses of investment or re-investment of any part of the fund, and the surplus shall, when sufficient, be applied in purchase of a debenture or debentures as aforesaid, and the income thereof shall also be accumulated until a total of Rs. 3,000 shall have been accumulated and invested, whereupon the same shall be treated as part of the original Endowment and be used for an additional ordinary scholarship, and subsequent accumulations of income shall be utilised in like manner.

14. Notwithstanding anything hereinbefore contained, the Donor or the person for the time being entitled to select scholars as aforesaid may at any time (but without interfering with any scholarships then awarded and continuing) amalgamate the income of every Rs. 15,000 of the fund into one scholarship, to commence when the whole income of such Rs. 15,000 is available, and may award such scholarship to any student of the St. Barnabanik community of not more than 30 years of age to enable or assist him to prosecute his studies in any of the Universities of England, Scotland, Ireland, France, Germany, or the United States of America, or in any institution in any of those countries approved by the Administrator. Such award shall be absolutely final and shall not be liable to be questioned by anyone, but the other clauses of this scheme, so far as they are applicable, shall apply to any such selection and scholarship. Such scholarship shall continue for two years only, subject to the scholar observing the rules of the college or institution attended by him, and shall be remitted to the scholar by the Administrator by instalments quarterly or more frequently as the Administrator may think fit. The Donor or person for the time being entitled to select scholars may in any year discontinue the awarding of amalgamated scholarships and may revert to the procedure of ordinary scholarships.

15. Any scholarships already awarded under the rules of the trust fund of Rs. 5,000 accepted by the Government of Bengal on the 14th June 1911, or the amalgamated scholarship already awarded by the Donor under clause 14, shall not be affected by this scheme, and the income of the said fund of Rs. 5,000 or of the additional Endowment of Rs. 10,000 now made shall not be available for the purposes of this scheme until after the expiration or determination of such scholarships.

DRAFT RULES.

1. Wherever mooring posts have been put up by the Supervisor, vessels must be made fast by the bow and stern along the banks to such posts, or in such other manner as the Supervisor may direct.

2. As the water falls, the bow and stern ropes must be slackened, and boats gradually pushed towards the centre of the canal; when the flood comes in these two ropes must be gradually hauled in, and the boat kept as close to the bank as possible.

3. In portions of the canals where only one towing-path exists, vessels must be moored on the off-side, and the towing-path side must always be kept clear.

4. Only one boat is allowed to make fast along and in line with the canal banks, and no boat is to be made fast or be placed outside of boats so secured without the special permission of the Supervisor. No boat or raft is to be placed in such a position as to endanger the safety of other boats, or obstruct the passage of other boats; but all boats are to be placed in such places and in such a manner as the Supervisor or Inspector may at any time direct.

5. The Supervisor may, by notification, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any part of the canals or banks, and in such part no anchors must be dropped or bamboos or *luggees* put up.

6. Boats whilst loading or unloading in the canals are allowed to use ladders, but the ladders must be gradually taken in as the water rises.

7. In order to avoid collision and confusion, boats waiting for a favourable tide at the junction of two or more rivers must be moored at a distance of not less than 1,000 feet from the point of junction.

8. No person is allowed to place any obstruction on the canal banks, roads, drains or bridges (when such are on canal land) so as to impede a free passage along them, or cause injury to them, or to commit a nuisance, or deposit filth of any sort on the banks, bridges or roads or in the canals.

9. No person shall wilfully or negligently allow a vessel to sink in the canals.

10. In every case of wreck caused by negligence or otherwise, the Supervisor and his subordinates must give all possible assistance in removing the same.

11. A notice must be affixed on a wreck when recovered, calling on those concerned to pay to the Supervisor all tolls which may be due, or any fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck; and intimating that if the sum be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in section 9 of the Canals Act, 1864.

12. Every Canal officer is authorized to remove any vessel, anchor, pole or other thing which he may find in a position which is in contravention of these rules, and to deal with it in such a manner as may be necessary to give effect to the rules.

13. Whenever any laden vessel is seized by a Canal Officer, it is the duty of the Supervisor to give immediate notice of the same to the owner or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

14. If the Supervisor be unable to ascertain the name and place of business or abode of the owner of the cargo of any vessel or boat seized

under the said Act, he must notify the seizure by advertisement in his office and in one or more of the public newspapers. Such notice shall require the owner to cause the immediate removal of the cargo, and to pay any necessary expenses incurred in providing for its proper custody and storage.

15. The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any vessel seized under the Act, and if the cargo be not removed within ten days from the date of seizure, he may sell the same at public auction to the highest bidder, after giving ten days' notice of the same by advertisement in his office and in one or more of the public newspapers.

16. The money realized at such a sale is to be applied, in the first instance, to defray any expenditure that may have been incurred by the Supervisor on account of the cargo sold and the balance, if any, is to be held in deposit to be paid to the owner of the said cargo on his applying for the same.

17. No officer of any description or rank employed on the canal shall, either directly or indirectly, bid for or purchase any articles sold under these rules or under the provisions of the Act.

DRAFT RULES.

1. Wherever mooring posts have been put up by the Supervisor, vessels must be made fast by the bow and stern along the banks to such posts, or in such other manner as the Supervisor may direct.

2. As the water falls, the bow and stern ropes must be slackened, and boats gradually pushed towards the centre of the canal; when the flood comes in these two ropes must be gradually hauled in, and the boat kept as close to the bank as possible.

3. In portions of the canals where only one towing-path exists, vessels must be moored on the off-side, and the towing-path side must always be kept clear.

4. Only one boat is allowed to make fast along and in line with the canal banks, and no boat is to be made fast or be placed outside of boats so secured without the special permission of the Supervisor. No boat or raft is to be placed in such a position as to endanger the safety of other boats, or obstruct the passage of other boats; but all boats are to be placed in such places and in such a manner as the Supervisor or Inspector may at any time direct.

5. The Supervisor may, by notification, prohibit the dropping of anchors or the putting up of bamboos or *luggess* in any part of the canals or banks, and in such part no anchors must be dropped or bamboos or *luggess* put up.

6. Boats whilst loading or unloading in the canals are allowed to use ladders, but the ladders must be gradually taken in as the water rises.

7. In order to avoid collision and confusion, boats waiting for a favourable tide at the junction of two or more rivers must be moored at a distance of not less than 1,000 feet from the point of junction.

8. No person is allowed to place any obstruction on the canal banks, roads, drains or bridges (when such are on canal land) so as to impede a free passage along them, or cause injury to them, or to commit a nuisance, or deposit filth of any sort on the banks, bridges or roads or in the canals.

9. No person shall wilfully or negligently allow a vessel to sink in the canals.

10. In every case of wreck caused by negligence or otherwise, the Supervisor and his subordinates must give all possible assistance in removing the same.

11. A notice must be affixed on a wreck when recovered, calling on those concerned to pay to the Supervisor all tolls which may be due, or any fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck; and intimating that if the sum be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in section 9 of the Canals Act, 1864.

12. Every Canal officer is authorized to remove any vessel, anchor, pole or other thing which he may find in a position which is in contravention of these rules, and to deal with it in such a manner as may be necessary to give effect to the rules.

13. Whenever any laden vessel is seized by a Canal Officer, it is the duty of the Supervisor to give immediate notice of the same to the owner or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

14. If the Supervisor be unable to ascertain the name and place of business or abode of the owner of the cargo of any vessel or boat seized under the said Act, he must notify the seizure by advertisement in his office and in one or more of the public newspapers. Such notice shall require the owner to cause the immediate removal of the cargo, and to pay any necessary expenses incurred in providing for its proper custody and storage.

15. The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any vessel seized under the Act, and if the cargo be not removed within ten days from the date of seizure, he may sell the same at public auction to the highest bidder, after giving ten days' notice of the same by advertisement in his office and in one or more of the public newspapers.

16. The money realized at such a sale is to be applied, in the first instance, to defray any expenditure that may have been incurred by the Supervisor on account of the cargo sold and the balance, if any, is to be held in deposit to be paid to the owner of the said cargo on his applying for the same.

17. No officer of any description or rank employed on the canal shall, either directly or indirectly, bid for or purchase any articles sold under these rules or under the provisions of the Act.

18. Any person (other than the Supervisor or his subordinates) who, either personally, or by his servant, infringes any of these rules, shall be liable to a fine not exceeding fifty rupees for any one infringement, and to a fine not exceeding five rupees a day for any continued infringement.

CIRCULAR No. 2.

DOWNING STREET,

The 11th September 1914.

SIR,

I HAVE the honour to inform you that my attention has been directed to the yearly increasing demands which are being made on the Imperial Institute by private individuals and firms for reports on technical subjects and specially on the composition and value of raw materials.

2. In the past it has generally been impossible to accede to such requests for investigations from private individuals and firms owing to the pressure of other work. At the same time the conduct of such investigations seems to me to be a legitimate function of the Institute, and I have been given to understand that the demand for such reports would be considerably extended if it were known throughout His Majesty's Possessions that the Institute was prepared to undertake for individuals special reports of the kind indicated in paragraph 8 of the Earl of Elgin's Circular despatch of the 31st of July, 1906.

3. The Institute, however, is now so completely occupied with the scientific, technical, and commercial researches demanded by the Agricultural, Mines, and other technical departments of the Governments of those parts of His Majesty's dominions which contribute to its funds that it is impossible to undertake investigations on any considerable scale for private individuals and firms without adding to the technical staff, and therefore to the general expenses, of the Institute. But having decided to meet what I believe to be a growing demand for such work, I am authorising the Imperial Institute to undertake in future for an appropriate fee researches, investigations, analyses, etc., required by private individuals and firms, either in this country or any of His Majesty's oversea dominions.

4. It will be left to the authorities of the Institute to decide in the case of each application whether or no the request for researches, etc., is one with which the Imperial Institute can properly comply.

5. Any reports which may be supplied under this arrangement will become the property of those who pay for them and will not be communicated either by the Imperial Institute or by any Government to other persons, or published without the consent of those concerned.

6. As it is undesirable that the Imperial Institute should compete with the professional expert, I propose that only special investigations, etc., should be undertaken, *i.e.*, on subjects of a technical character with which the Imperial Institute is exceptionally qualified to deal, especially those relating to the production and utilisation of materials which occur in the British Empire or which might be introduced into British countries and are considered likely to be of value to British commerce or trade.

7. It may be useful if I refer to some of the more important matters with which the Imperial Institute is in a special position to deal:—

- (a) Investigations as to the value of new or little known raw materials for commercial purposes.
- (b) Chemical analyses, assays and valuations of raw materials, such as fibres, rubbers, oil-seeds, waxes, food-stuffs, tanning materials, essential and fixed oils, gums, resins, drugs, tobaccos, soils, minerals, ores, waters, fuels, etc., etc.
- (c) The technical testing of rubber, timbers, cotton, fibres, cements, and other materials.
- (d) Identifications of vegetable and mineral substances.

8. I am informed that the Managing Committee are not prepared at present to suggest any actual scale of fees which could meet the variety of cases which are likely to occur. The fee must be arranged between the Institute and the individuals or firms who require investigations to be made. The matter will be in the hands of the Director, who will from time to time report to the Managing Committee the fee proposed in any special case in which this cannot be determined by ordinary practice.

9. I believe that the adoption of the plan I have indicated will increase the usefulness of the Imperial Institute to the manufacturing and industrial communities of all countries of the Empire: and, as it will doubtless be of importance to the residents of the Colony Protectorate under your Government, I shall be glad if you will take steps to make the arrangement I have sanctioned widely known, either by publishing this despatch in whole or part in the Official Gazette or in such other way as may seem to you to be most effective.

I have the honour to be,

SIR,

Your most obedient, humble servant,

L. HARCOURT.

DRAFT RULES.

1. Wherever mooring posts have been put up by the Supervisor, vessels must be made fast by the bow and stern along the banks to such posts, or in such other manner as the Supervisor may direct.

2. As the water falls, the bow and stern ropes must be slackened, and boats gradually pushed towards the centre of the canal; when the flood comes in these two ropes must be gradually hauled in, and the boat kept as close to the bank as possible.

3. In portions of the canals where only one towing-path exists, vessels must be moored on the off-side, and the towing-path side must always be kept clear.

4. Only one boat is allowed to make fast along and in line with the canal banks, and no boat is to be made fast or be placed outside of boats so secured without the special permission of the Supervisor. No boat or raft is to be placed in such a position as to endanger the safety of other boats, or obstruct the passage of other boats; but all boats are to be placed in such places and in such a manner as the Supervisor or Inspector may at any time direct.

5. The Supervisor may, by notification, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any part of the canals or banks, and in such part no anchors must be dropped or bamboos or *luggees* put up.

6. Boats whilst loading or unloading in the canals are allowed to use ladders, but the ladders must be gradually taken in as the water rises.

7. In order to avoid collision and confusion, boats waiting for a favourable tide at the junction of two or more rivers must be moored at a distance of not less than 1,000 feet from the point of junction.

8. No person is allowed to place any obstruction on the canal banks, roads, drains or bridges (when such are on canal land) so as to impede a free passage along them, or cause injury to them, or to commit a nuisance, or deposit filth of any sort on the banks, bridges or roads or in the canals.

9. No person shall wilfully or negligently allow a vessel to sink in the canals.

10. In every case of wreck caused by negligence or otherwise, the Supervisor and his subordinates must give all possible assistance in removing the same.

11. A notice must be affixed on a wreck when recovered, calling on those concerned to pay to the Supervisor all tolls which may be due, or any fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck; and intimating that if the sum be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in section 9 of the Canals Act, 1864.

12. Every Canal officer is authorized to remove any vessel, anchor, pole or other thing which he may find in a position which is in contravention of these rules, and to deal with it in such a manner as may be necessary to give effect to the rules.

13. Whenever any laden vessel is seized by a Canal Officer, it is the duty of the Supervisor to give immediate notice of the same to the owner or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

14. If the Supervisor be unable to ascertain the name and place of business or abode of the owner of the cargo of any vessel or boat seized under the said Act, he must notify the seizure by advertisement in his office and in one or more of the public newspapers. Such notice shall require the owner to cause the immediate removal of the cargo, and to pay any necessary expenses incurred in providing for its proper custody and storage.

15. The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any vessel seized under the Act, and if the cargo be not removed within ten days from the date of seizure, he may sell the same at public auction to the highest bidder, after giving ten days' notice of the same by advertisement in his office and in one or more of the public newspapers.

16. The money realized at such a sale is to be applied, in the first instance, to defray any expenditure that may have been incurred by the Supervisor on account of the cargo sold and the balance, if any, is to be held in deposit to be paid to the owner of the said cargo on his applying for the same.

17. No officer of any description or rank employed on the canal shall, either directly or indirectly, bid for or purchase any articles sold under these rules or under the provisions of the Act.

18. Any person (other than the Supervisor or his subordinates) who, either personally, or by his servant, infringes any of these rules, shall be liable to a fine not exceeding fifty rupees for any one infringement, and to a fine not exceeding five rupees a day for any continued infringement.

DRAFT RULES.

1. Wherever mooring posts have been put up by the Supervisor, vessels must be made fast by the bow and stern along the banks to such posts, or in such other manner as the Supervisor may direct.

2. As the water falls, the bow and stern ropes must be slackened, and boats gradually pushed towards the centre of the canal; when the flood comes in these two ropes must be gradually hauled in, and the boat kept as close to the bank as possible.

3. In portions of the canals where only one towing-path exists, vessels must be moored on the off-side, and the towing-path side must always be kept clear.

4. Only one boat is allowed to make fast along and in line with the canal banks, and no boat is to be made fast or be placed outside of boats so secured without the special permission of the Supervisor. No boat or raft is to be placed in such a position as to endanger the safety of other boats, or obstruct the passage of other boats; but all boats are to be placed in such places and in such a manner as the Supervisor or Inspector may at any time direct.

5. The Supervisor may, by notification, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any part of the canals or banks, and in such part no anchors must be dropped or bamboos or *luggees* put up.

6. Boats whilst loading or unloading in the canals are allowed to use ladders, but the ladders must be gradually taken in as the water rises.

7. In order to avoid collision and confusion, boats waiting for a favourable tide at the junction of two or more rivers must be moored at a distance of not less than 1,000 feet from the point of junction.

8. No person is allowed to place any obstruction on the canal banks, roads, drains or bridges (when such are on canal land) so as to impede a free passage along them, or cause injury to them, or to commit a nuisance, or deposit filth of any sort on the banks, bridges or roads or in the canals.

9. No person shall wilfully or negligently allow a vessel to sink in the canals.

10. In every case of wreck caused by negligence or otherwise, the Supervisor and his subordinates must give all possible assistance in removing the same.

11. A notice must be affixed on a wreck when recovered, calling on those concerned to pay to the Supervisor all tolls which may be due, or any fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck; and intimating that if the sum be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in section 9 of the Canals Act, 1864.

12. Every Canal officer is authorized to remove any vessel, anchor, pole or other thing which he may find in a position which is in contravention of these rules, and to deal with it in such a manner as may be necessary to give effect to the rules.

13. Whenever any laden vessel is seized by a Canal Officer, it is the duty of the Supervisor to give immediate notice of the same to the owner or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

14. If the Supervisor be unable to ascertain the name and place of business or abode of the owner of the cargo of any vessel or boat seized under the said Act, he must notify the seizure by advertisement in his office and in one or more of the public newspapers. Such notice shall require the owner to cause the immediate removal of the cargo, and to pay any necessary expenses incurred in providing for its proper custody and storage.

15. The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any vessel seized under the Act, and if the cargo be not removed within ten days from the date of seizure, he may sell the same at public auction to the highest bidder, after giving ten days' notice of the same by advertisement in his office and in one or more of the public newspapers.

16. The money realized at such a sale is to be applied, in the first instance, to defray any expenditure that may have been incurred by the Supervisor on account of the cargo sold and the balance, if any, is to be held in deposit to be paid to the owner of the said cargo on his applying for the same.

17. No officer of any description or rank employed on the canal shall, either directly or indirectly, bid for or purchase any articles sold under these rules or under the provisions of the Act.

18. Any person (other than the Supervisor or his subordinates) who, either personally, or by his servant, infringes any of these rules, shall be liable to a fine not exceeding fifty rupees for any one infringement, and to a fine not exceeding five rupees a day for any continued infringement.

I.—Rules for Recruitment of Superintendents and Inspectors of Excise and Salt.

1. The Superintendents' cadre is graded as follows :—
 - (a) Rupees 250 to Rs. 500 in 14 years by annual increment of Rs. 15 during the first 10 years, and Rs. 25 during the last four years, subject to approved conduct.
 - (b) Rs. 600.
 - (c) Rs. 700.
2. The Inspectors' cadre is divided into seven grades ranging from Rs. 100 to Rs. 250.
3. Promotion to the grades of Rs. 600 and Rs. 700 in the cadre of Superintendents will be made by the Governor in Council by special selection for merit. Seniority alone shall not give a claim to appointment in these two grades.
4. The cadres of Superintendents and Inspectors will be distinct and separate and promotions from the rank of Inspector to that of Superintendent will not be the general rule, but Inspectors of outstanding merit may be promoted by Government to the rank of Superintendent.
5. Officers promoted from the rank of Sub-Inspector to the rank of Inspector or from the rank of Inspector to the rank of Superintendent will remain on probation until their fitness for confirmation has been demonstrated, provided that the period of probation shall not exceed three years. They will in the meanwhile be eligible for promotion and may, in the case of Superintendents, be appointed direct to the time-scale.
6. The number of direct appointments to be made to the higher branches of the Excise and Salt service in Bengal will be determined each year by the Governor in Council.
7. The selection of Europeans for the above service will be made by a Board consisting of the Secretary to Government in the Financial Department and the Commissioner of Excise and Salt, who will submit their nominations to Government.
8. The selection of Indians for the above service will be made by Government from the candidates nominated by Divisional Commissioners as prescribed in rules 12 to 14.
9. The indispensable qualifications for a candidate for appointment as Superintendent or Inspector are :—
 - (1) That he is a natural-born subject of His Majesty or of a Native State,
 - (2) That he is not under 20 or over 25 years of age on the 1st July of the year in which the nomination is made.
 - (3) That he is of good character.
 - (4) That he is a graduate or, in the case of European candidates, that he possesses at least the recognised school-leaving examination certificate of a secondary school for Europeans.
 - (5) That he is of sound health, good physique, active habits and free from organic defect or bodily infirmity.
10. Europeans who do not satisfy the definition of Native of India contained in section 6, Statute 33, Victoria, Chapter III, are not eligible for appointment to the Excise and Salt service as Superintendents or Inspectors, without the previous sanction of the Government of India in each case.
11. As soon as possible after the 1st July of each year the number of appointments to be made during the year on the nomination of Commissioners of Divisions and of the selecting Board referred to in rule 7 above, and the number of nominations to be made for appointments under rule 8 above, will be announced by a Notification in the *Calcutta Gazette*.
12. (a) Every District Officer in a Division in which a nomination is to be made will submit to the Commissioner of the Division, on or before the date to be fixed by the latter, the names of two candidates belonging to

families resident or domiciled in his district. In submitting these names he will give in Form I appended to these rules a brief statement of the grounds of his recommendation in each case. The nominee under this rule must be non-official. But this does not exclude the nomination of Honorary Magistrates or candidates who hold no substantive posts under Government but are serving in temporary or officiating appointments.

(b) Form I must be accompanied by a certificate of the Registrar of the University that the candidate has obtained a degree, a certificate of character and conduct from the Principal of the Institution at which the candidate last studied for not less than one year, or from some responsible officer of Government, a medical certificate in Form II appended to these rules, and evidence of the candidate's age.

13. The Commissioner of the Division and the District Officers of the Division will meet on a date to be fixed by the Commissioner of the Division and will consider the names of all the candidates nominated. They will call the candidates before them and see and converse with them so as to form an opinion regarding their suitability for the public service. The Commissioner of the Division will then select two names for each of the appointments to be made on his nomination and submit them in order of preference to Government by a date not later than the 1st October, stating his reasons for the preference given. With his report submitting these names the Commissioner will submit Form I for all candidates, entering in each case in the last column of that Form his own opinion as to the suitability of the candidate.

14. Every candidate nominated by the Commissioner must be domiciled in his Division, or if the nominee himself be resident outside the Division for the purpose of education, his family must be resident or permanently domiciled in the Division. In making nominations special attention should be paid to the desirability of securing a fair share of appointments to each important section of the community, to the esteem with which the candidate's family is regarded by Indians generally, and to physique.

15. Persons appointed direct to the Excise and Salt service will be subject to a period of probation, the minimum term of which will be one year. During the period of their probation Superintendents will receive an allowance of Rs. 150 and Inspectors of Rs. 100 a month.

16. An officer will not be confirmed until he has passed the departmental examinations prescribed for the Excise and Salt service and has been satisfactorily reported on by the officers under whom he has worked. If an officer fails to qualify for confirmation within two years of his first appointment as probationer, he may be removed from the public service.

17. A probationary Superintendent will not be admitted to the time-scale, even if qualified for confirmation, until a vacancy occurs.

18. All Europeans shall subscribe to the Government Provident Fund if their pay is Rs. 100 or more. All Indians shall subscribe to the Fund unless they can satisfy the Commissioner that they have good reason for not doing so.

F. A. A. COWLEY,

DRAFT RULES.

1. Wherever mooring posts have been put up by the Supervisor, vessels must be made fast by the bow and stern along the banks to such posts, or in such other manner as the Supervisor may direct.

2. As the water falls, the bow and stern ropes must be slackened, and boats gradually pushed towards the centre of the canal; when the flood comes in these two ropes must be gradually hauled in, and the boat kept as close to the bank as possible.

3. In portions of the canals where only one towing-path exists, vessels must be moored on the off-side, and the towing-path side must always be kept clear.

4. Only one boat is allowed to make fast along and in line with the canal banks, and no boat is to be made fast or be placed outside of boats so secured without the special permission of the Supervisor. No boat or raft is to be placed in such a position as to endanger the safety of other boats, or obstruct the passage of other boats; but all boats are to be placed in such places and in such a manner as the Supervisor or Inspector may at any time direct.

5. The Supervisor may, by notification, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any part of the canals or banks, and in such part no anchors must be dropped or bamboos or *luggees* put up.

6. Boats whilst loading or unloading in the canals are allowed to use ladders, but the ladders must be gradually taken in as the water rises.

7. In order to avoid collision and confusion, boats waiting for a favourable tide at the junction of two or more rivers must be moored at a distance of not less than 1,000 feet from the point of junction.

8. No person is allowed to place any obstruction on the canal banks, roads, drains or bridges (when such are on canal land) so as to impede a free passage along them, or cause injury to them, or to commit a nuisance, or deposit filth of any sort on the banks, bridges or roads or in the canals.

9. No person shall wilfully or negligently allow a vessel to sink in the canals.

10. In every case of wreck caused by negligence or otherwise, the Supervisor and his subordinates must give all possible assistance in removing the same.

11. A notice must be affixed on a wreck when recovered, calling on those concerned to pay to the Supervisor all tolls which may be due, or any fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck; and intimating that if the sum be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in section 9 of the Canals Act, 1864.

12. Every Canal officer is authorized to remove any vessel, anchor, pole or other thing which he may find in a position which is in contravention of these rules, and to deal with it in such a manner as may be necessary to give effect to the rules.

13. Whenever any laden vessel is seized by a Canal Officer, it is the duty of the Supervisor to give immediate notice of the same to the owner or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

14. If the Supervisor be unable to ascertain the name and place of business or abode of the owner of the cargo of any vessel or boat seized under the said Act, he must notify the seizure by advertisement in his office and in one or more of the public newspapers. Such notice shall require the owner to cause the immediate removal of the cargo, and to pay any necessary expenses incurred in providing for its proper custody and storage.

15. The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any vessel seized under the Act, and if the cargo be not removed within ten days from the date of seizure, he may sell the same at public auction to the highest bidder, after giving ten days' notice of the same by advertisement in his office and in one or more of the public newspapers.

DRAFT RULES.

1. Wherever mooring posts have been put up by the Supervisor, vessels must be made fast by the bow and stern along the banks to such posts, or in such other manner as the Supervisor may direct.

2. As the water falls, the bow and stern ropes must be slackened, and boats gradually pushed towards the centre of the canal; when the flood comes in these two ropes must be gradually hauled in, and the boat kept as close to the bank as possible.

3. In portions of the canals where only one towing-path exists, vessels must be moored on the off-side, and the towing-path side must always be kept clear.

4. Only one boat is allowed to make fast along and in line with the canal banks, and no boat is to be made fast or be placed outside of boats so secured without the special permission of the Supervisor. No boat or raft is to be placed in such a position as to endanger the safety of other boats, or obstruct the passage of other boats; but all boats are to be placed in such places and in such a manner as the Supervisor or Inspector may at any time direct.

5. The Supervisor may, by notification, prohibit the dropping of anchors or the putting up of bamboos or *luggees* in any part of the canals or banks, and in such part no anchors must be dropped or bamboos or *luggees* put up.

6. Boats whilst loading or unloading in the canals are allowed to use ladders, but the ladders must be gradually taken in as the water rises.

7. In order to avoid collision and confusion, boats waiting for a favourable tide at the junction of two or more rivers must be moored at a distance of not less than 1,000 feet from the point of junction.

8. No person is allowed to place any obstruction on the canal banks, roads, drains or bridges (when such are on canal land) so as to impede a free passage along them, or cause injury to them, or to commit a nuisance, or deposit filth of any sort on the banks, bridges or roads or in the canals.

9. No person shall wilfully or negligently allow a vessel to sink in the canals.

10. In every case of wreck caused by negligence or otherwise, the Supervisor and his subordinates must give all possible assistance in removing the same.

11. A notice must be affixed on a wreck when recovered, calling on those concerned to pay to the Supervisor all tolls which may be due, or any fine which may have been adjudged, as well as the expenses incurred in the recovery or removal of the wreck; and intimating that if the sum be not paid within fifteen days of the date of notice, the boat and its furniture, or so much of it as may be necessary for the recovery of the dues, will be sold, the proceeds of the sale being dealt with as directed in section 9 of the Canals Act, 1864.

12. Every Canal officer is authorized to remove any vessel, anchor, pole or other thing which he may find in a position which is in contravention of these rules, and to deal with it in such a manner as may be necessary to give effect to the rules.

13. Whenever any laden vessel is seized by a Canal Officer, it is the duty of the Supervisor to give immediate notice of the same to the owner or his agent, requiring the removal of the cargo without delay, and informing him that he will be required to pay all expenses necessary for the proper custody and storage of the same.

14. If the Supervisor be unable to ascertain the name and place of business or abode of the owner of the cargo of any vessel or boat seized under the said Act, he must notify the seizure by advertisement in his office and in one or more of the public newspapers. Such notice shall require the owner to cause the immediate removal of the cargo, and to pay any necessary expenses incurred in providing for its proper custody and storage.

15. The Supervisor may incur whatever expense he may think necessary for the proper custody and storage of the cargo of any vessel seized under the Act, and if the cargo be not removed within ten days from the date of seizure, he may sell the same at public auction to the highest bidder, after giving ten days' notice of the same by advertisement in his office and in one or more of the public newspapers.

16. The money realized at such a sale is to be applied, in the first instance, to defray any expenditure that may have been incurred by the Supervisor on account of the cargo sold and the balance, if any, is to be held in deposit to be paid to the owner of the said cargo on his applying for the same.

17. No officer of any description or rank employed on the canal shall, either directly or indirectly, bid for or purchase any articles sold under these rules or under the provisions of the Act.

18. Any person (other than the Supervisor or his subordinates) who, either personally, or by his servant, infringes any of these rules, shall be liable to a fine not exceeding fifty rupees for any one infringement, and to a fine not exceeding five rupees a day for any continued infringement.

9. (1) Monthly tickets are, at the option of the payers, issued to boats carrying passengers, grass or perishable articles going to the Orphangunge Bazar or to Dhappa. The cost of these tickets is at six times the ordinary toll as calculated by the above rates, if the tickets are issued at the Supervisor's office, and at ten times the ordinary toll as calculated by the above rates, if the tickets are issued at the toll-station at Dhappa or at Kidderpore.

(2) Monthly tickets at ten times the ordinary toll as calculated under item 1 of the Schedule for entering the canals from the eastward will be issued to boats carrying passengers, vegetables and perishable goods for plying within the Circular, New Cut and Kristapur Canals. These tickets will not entitle the boats to pass through the Dhappa or Chitpur Lock, but they will be allowed to pass the Kristapur Toll-station.

10. *Excess tolls.*—Vessels which are passing through the canals, and which enter either empty or partially loaded, are liable to pay excess tolls at the above rates, if their tonnage by canal measurement is greater when they are leaving the canals than it was when they entered them. Vessels entering at Chitpur, Kidderpore, and Chetla for the purpose of loading in the canals pay at the time of entry with reference to their line of usual immersion according to Canal Rules.

11. *Demurrage.*—Every vessel, raft or float, which has paid toll, shall be allowed three days for passing through the Circular Canals and two days

for Tolly's Nala between Gurreah and Kidderpore, and three days for Soorah outside Dhappa Lock, the days of entering and leaving being both included. In addition, to these periods, they may, without further payment, remain in the canals for the further undermentioned periods, that is to say—

Boats.—Two days for the first hundred maunds and one day for every hundred maunds above the first hundred maunds.

Floats.—Two days for any number of timbers not exceeding fifty, and one day for every additional fifty.

Rafts.—Two days for any number of bamboos not exceeding five hundred, and one day for every additional five hundred.

Every vessel, raft or float remaining in any part of the aforesaid canals longer than the period allowed under the foregoing rules shall, for each day in excess of such period, be charged demurrage equal to one-half of the toll payable under the schedules above, provided that the demurrage charged shall in no case exceed Rs. 5 per diem.

[Note.—Open dinghies accompanying large boats are entitled to the same demurrage allowance of time as the parent boats.]

12. Steamers or flats passing through the Lower Sunderbans Channels must pay tolls at the rate of Rs. 5 each before leaving and on return to Calcutta.

13. (1) During neap-tides, when there is not sufficient water in the Tolly's Nala near Russa for the navigation of boats laden with firewood, they will be allowed to proceed to or from the river Bidyadhari through the Circular Canal on payment of a rate of eight annas per 100 maunds of measured maundage for passage through that canal, in addition to the rate ordinarily payable for entering or plying in Tolly's Nala.

(2) For the purposes of reckoning demurrage charges, in the case of such boats, under item 11 of the Schedule, two extra days will be allowed over and above those provided for vessels plying in the Tolly's Nala.

(3) Boats plying under this concession will not be allowed either to load or to unload along the Circular Canal or river Hooghly. Infringement of this rule will render the boats liable to the ordinary tolls in force for the Circular Canal.

14. **Additional toll.**—All boats, steamers and flats, after passing out of the Dhappa Lock, must proceed outside the toll limit at Bamanghata within 48 hours; otherwise a fresh toll will be levied in accordance with the rules in force.

15. (1) During the period from the 1st December to the 15th June, boats laden with rice or paddy will be allowed to proceed to or from the river Bidyadhari through the Circular Canal and the Tolly's Nala *via* Kidderpore on payment of a rate of Re. 1-12 per hundred maunds of measured maundage for passage through these canals.

(2) Boats plying under this concession will be charged the ordinary concession rate of Re. 1-12 per hundred maunds, and on leaving Tolly's Nala a further charge of 12 annas per hundred maunds only will be made if loaded with cargo other than paddy or rice, the maundage charged for and the amount charged being endorsed on the back of the concession ticket by the Toll Collector, Kidderpore.

(3) If any boat picks up more cargo, either in the Hooghly or in the Circular Canal, the Toll Collectors at Chitpur and Dhappa, respectively, will assess and collect the extra toll due on the cargo at 12 annas per hundred maunds, provided that the maundage of the boat does not exceed that when it originally entered at Dhappa.

(4) If there is an excess on leaving Tolly's Nala, a rate of Rs. 2-8 per hundred maunds will be charged on the extra cargo at Kidderpore. This will entitle the boat to pass through to Dhappa Lock and out without any further payment.

(5) If the cargo is picked up either in the Hooghly or in the Circular Canal, the extra toll on the extra amount will be charged at the rate of Re. 1-12 per hundred maunds.

(6) For the purposes of reckoning demurrage charges under item 11 of this Schedule in the case of boats laden with rice or paddy during the period from the 1st December to the 15th June, two extra days will be allowed over and above those provided for vessels plying in the Tolly's Nala.

Secy. to the Govt. of Bengal.

RULES RELATING TO REVENUE MONEY ORDERS.

1. These rules are divided into four parts:—

Part I.—The form of Revenue Money order.

„ II.—Issue of Revenue Money orders.

„ III.—Payment of Revenue Money orders:

Section A.—Procedure in the Head Office of payment.

„ B.—Procedure to be followed in the Collectorate.

„ IV.—Disposal of Acknowledgments.

2. The forms are annexed to the rules.

Part I.

THE FORM OF REVENUE MONEY ORDER.

1. The form of Revenue money order (Form $\frac{1}{R. M. O.}$ on pink paper) is divided into three parts, viz.:—

Form.

(a) The Money order.

(b) The Acknowledgment.

(c) The Coupon or Chalan.

2. Part (a) requires no description as it is exactly like the corresponding portion of the ordinary inland money order form. Parts (b) and (c) are larger than the Acknowledgment and Coupon of an ordinary money order. Part (b) is on one side practically a duplicate of the Coupon (Chalan) and is returned to the remitter as his receipt; on the reverse of this part are the remitter's name and address. Part (c) contains on one side all the particulars required by the Treasury, and on the reverse instructions for remitters of Revenue money orders.

Its description.

3. This form is to be used for remittances of both Land revenue and Road and Public Works cesses, and for no other purpose.

Purpose for which to be used.

4. Revenue money order forms should be freely distributed among the revenue-paying classes and no restrictions whatever should be placed in the way of zamindars obtaining these forms.

Free distribution of forms.

5. Every postmaster, sub-postmaster and branch postmaster will be personally responsible that a sufficient supply of Revenue money order forms is always available in his office. In cases of emergency, supplies may be obtained by telegraph direct from the Stock Depot of the Circle. Divisional superintendents and inspectors, when visiting post offices, will see that a sufficient supply of Revenue money order forms is available, and mention in their diaries and inspection reports that they have done so.

Supply of forms.

6. The Revenue money order system does not apply to remittances of revenue payable to any Native State. Such remittances should be made by the ordinary money order form and be dealt with under the ordinary rules for money orders.

The system not applicable to Native States.

Part II.

ISSUE OF REVENUE MONEY ORDERS.

7. Revenue money orders are issued from every head, sub and branch post office under the rules which govern the issue of ordinary inland money orders. The following paragraphs contain additional instructions which relate solely to the issue of Revenue money orders.

Offices to issue Revenue money orders.

8. The rules in the *Post Office Guide* fixing the limit of value of a single ordinary inland money order apply to Revenue money orders. The rule prohibiting the inclusion of pies (fractions of an anna) in the amount of a money order is not applicable to Revenue money orders, which may be for amounts including pies, but not fractions of a pie.

9. The office of issue will help the remitter in making the requisite entries, and, if necessary, will make entries for him in a Revenue money order form, but no fee or any other gratification whatsoever is to be demanded or accepted, either directly or indirectly, by any official of the post office for this service. Disregard of this order will be punished by dismissal of the official in fault, who will, moreover, be liable to any further penalties provided by law. If, notwithstanding the assistance thus offered, the remitter is unable to fill up the entries himself or to give the information necessary for the purpose, the money order should be returned to him and should not be issued by the post office till the information is complete.

NOTE.—Remitters should also be advised to allow ample time for their Revenue money orders for land revenue to reach the Treasury before *kist* day, as the acceptance of a Revenue money order after *kist* day does not exempt an estate from sale, except as permitted by the rules applicable to personal payment of land revenue after *kist* day.

10. The office of issue is responsible that no Revenue money order is issued of which the Coupon is blank or is not completely filled up. The Post Office has no means of ascertaining the correctness of the information supplied by a remitter; all that it is necessary to see is that entries are made against every printed item in the Coupon, that these entries are made against the appropriate printed items, that all the items are understood by the remitter and that the money order is not for a larger sum than is allowed by the rules for ordinary inland money orders. The spaces in the Acknowledgment and Coupon for the entry of interest and costs (*kharcha*) are intended to meet the requirements of remitters who are in arrears as regards the payment of their cesses and have incurred liabilities for interest, process fees, or other costs of proceedings. Every alteration or correction in the money order must be attested by the initials of the remitter.

11. The letter "R" should be written before the number of every Revenue money order, and this mode of distinguishing Revenue money orders should be adopted wherever the number is entered.

12. The number assigned to a Revenue money order by the head office or sub-office of issue will also be entered at the top of the Coupon and Acknowledgment by the money order clerk of the head office or the sub-postmaster of the sub-office of issue, as the case may be.

Part III.

PAYMENT OF REVENUE MONEY ORDERS.

SECTION A.—*Procedure in the Head Office of Payment.*

13. When the Revenue money orders are in all respects* ready to be handed over to the postman, they should be examined with reference to the name of the Audit office stamped on them and a separate list in triplicate† (Form *R. M. O.*) should be made out by the money order clerk for

* Only the total number and amount of Revenue money orders received for payment need be entered in the register of money orders received. In order, however, that the record may be complete, it will be necessary to make a note in the last column of the register whenever all the Revenue money orders received in one day are not included in the list of that date. For example, if in the register of money orders received on the 5th July there are shown 500 Revenue money orders for Rs. 10,000, but 500 of these orders for Rs. 7,000 were received too late for inclusion in the list sent to the Collectorate on the 5th, there should be an entry in the last column of the register in this form:—

200 for Rs. 3,000 included in list of 5th.

300 for Rs. 7,000 included in list of 6th.

† The duplicate and triplicate will be prepared by carbonic paper, and a hard pencil must therefore be used in writing the list.

each Audit office and for each month of issue, the name of the Audit office being noted in red ink at the head of the list.* The money orders should be entered in each list according to the offices of issue and the entries in the money column of the list should be carefully totalled. The triplicate copy of each list will take the place of the journal of money orders paid, the duplicate will be sent to the Treasury under the procedure described below and the original will be sent to the Audit office concerned. When for the preparation of a list more than a single sheet of form ²_{R.M.O.} is required, each sheet should be separately totalled, and a grand total should be made at the end of the last sheet of the list or on a separate sheet. The date stamp of the office of payment should be impressed on the space provided for it on the reverse of the acknowledgment portion of each money order.

NOTE.—When it is necessary to prepare one or more separate lists in addition to the list for the Home Audit office, the total of each other list should be entered below the total of the list for the Home Audit office and a grand total made both in figures and words. In that case too after the words "detailed above" in the printed entry to be signed by the postmaster at the foot of the original and duplicate of the list for the Home Audit office should be inserted in manuscript the words "and in the accompanying list" or "and in the accompanying two lists" or "and in the accompanying three lists" as the case may require.

14. The postmaster should then check the entries in each list with those on the money orders, and also check the total of the money column, he will then prepare a Treasury voucher (Form A/o-12), representing the total value of the money orders as entered in all the lists. The amount represented by the Treasury voucher will not be charged against the letter of credit, and will be paid quite independently of the balance of any letters of credit held by the Treasury in favour of the Post Office. Postmasters before sending Revenue money orders to the Treasury should examine them carefully, and any error which might have been avoided by the office of issue should be brought to the notice of the Superintendent.

15. The duplicate copy of each list with the money orders entered therein attached to it and the Treasury voucher duly filled up, should then be made over to the postman for delivery at the Collectorate, the postman's receipt for the documents being taken in the usual manner in the register of money orders received.

16. The postman will take the duplicate copy of each list, the money orders and the Treasury voucher to the Accountant, and will receive back from the Accountant the money orders without the coupons and acknowledgments. The postman will be careful to see that he receives back all the money orders, and that they are all duly receipted by the Accountant and, in the case of money orders for amounts exceeding Rs. 500, by the Treasury officer also.

17. The paid money orders received back from the Treasury will be examined by the money order clerk in the same way as ordinary money orders, and checked in detail with the original list. The total amount of the money orders entered in each list will then be entered in the appropriate journal of money orders paid by a single entry thus: "As per Revenue money order list Rs. As.....P....." The money orders will be disposed of in the usual way.

18. The original and triplicate of each list will be kept with the appropriate journal of money orders paid until the next list of ordinary money orders paid is sent to the Audit office, when the corresponding list of Revenue money orders paid will also be sent, the paid money orders being arranged in order and attached to the lists. The triplicate lists will then be filed, a separate file of triplicate lists being kept with each journal of money orders paid, so that the dates of the journal and file of Revenue money order lists correspond.

19. The amount of the Treasury voucher will be entered in the Head Office Summary and the Head Office Cash Book on the receipt side opposite the item "Drawn from Treasuries," and will be included in the sum entered on the disbursement side under the head "Money Orders Paid." The amount will also

* If on any date Revenue money orders stamped with the names of all four Audit offices are received for payment, it will be necessary to prepare four separate lists each in triplicate.

appear in the Treasury Pass-book and Register of transactions with the Treasury as money drawn from the District Treasury. All these entries must be made on the same date.

NOTE.—The date referred to above is the date on which the money orders are sent from the post office to the Collectorate. If the procedure to be followed in the Collectorate is correctly observed, the money orders will be credited in the Treasury on the same date. If, owing to press of work or other reasons, the money orders are not credited in the Treasury on the same date, the entries in the Head Office Summary, the Head Office Cash-book and Treasury Pass-book should still be made as prescribed in rule 19, on the date on which the money orders are sent to the Treasury for payment.

The total amount of the money orders should also be entered as paid on the same date in the appropriate paid list of money orders; and if any Revenue money orders sent to the Collectorate have not been received back when the paid list is due to be sent to the Audit office, the paid list should still be sent and the money orders should be forwarded on receipt, a note explaining the reason for their absence being submitted at the same time to the Audit office.

20. On receipt of the acknowledgments duly signed, the money order

clerk will examine and compare them with the triplicate list or lists already in his possession, and with the duplicate presented to him along with the acknowledgments; and, if all are found correct, the postmaster will sign each duplicate list and return it to the Collectorate official who brought back the documents to the post office.

21. The money order clerk should be particularly careful to see that he

receives from the Collectorate an acknowledgment for every money order, except when a note has been made on the duplicate list against any order showing that it was not for Land Revenue, Road or Public Works cess. The money order clerk will also see that every acknowledgment which he receives is in acknowledgment of the full amount of the money order to which it appertains and that the date of credit entered on such acknowledgment agrees with the date of payment of the money order.

22. Before each duplicate list is returned to the Collectorate, the money

order clerk will carefully compare it with the original and see that they are exactly alike, any remarks recorded in the one list (either in the Collectorate or by the money order clerk or the postmaster) being copied in the other list.

23. It will be the duty of the money order clerk to report to the post-

master if the signed acknowledgments and the duplicate list or lists are not returned to him at latest by 4 P.M. on the day following that on which the Treasury voucher was sent to the Collectorate. On receipt of such a report, the postmaster should at once bring the matter to the notice of the Treasury officer. Any serious or oft-repeated delay in the return of the acknowledgments should be reported to the Postmaster-General. The money order clerk should report to the postmaster every case in which Revenue money orders are not received back on the same day that they are sent to the Treasury, and if it is found that this happens frequently, the postmaster should bring the matter to the notice of higher authority.

24. The money order clerk will report to the postmaster every case in

which the Coupon of a Revenue money order received by him is blank or is imperfectly filled up, and each such case should be reported by the postmaster to the Superintendent of the division in which the office of issue is situated.

25. On the 5th of every month the money order clerk will prepare

a return (Form ² R.M.O.) of all Revenue money orders received during the last month, and this return will be submitted by the postmaster to the Postmaster-General.

SECTION B.—Procedure to be followed in the Collectorate.

26. On receipt in the Treasury of the money orders with the duplicate

copy of the list or lists in which they are entered and Treasury voucher, the Accountant will check and compare the documents. If there is any error, he will return all the documents to the post office with a note of the error or errors. This error note will be signed by the Accountant and the Tausi Navis of the department concerned; when the documents are correct, the Accountant will at once cut off the portion of each money order containing the Coupon and Acknowledgment, sign and date the money orders (as payee) and return the paid money orders to the postman. In the case of money orders for amounts exceeding Rs. 500, the Treasury officer also shall sign and date the money orders as payee. The Accountant will retain the lower portion of each money

order, including the Coupon and Acknowledgment, the duplicate list or lists of money orders (Form ²/_{R. M. O.}) and the Treasury voucher. No money order received from the post office may be refused.

The acceptance of the Revenue money order after *kist* day is to be treated in the same manner as the receipt of a personal payment of revenue after *kist* day, and the sum will be kept in revenue deposit till the Collector has passed orders accepting the payment.

Treatment of money orders received after *kist* day.

27. The Treasury officer will, on the same day, charge off the amount represented by the Treasury voucher (A/c-12) by transfer and credit the amounts of the several money orders as shown in the list or lists and on the acknowledgments to the appropriate departments.

Mode of entries in Treasury accounts.

If the estate on account of which a remittance of Land revenue has been received is situated in another district, the remittance should be credited in the usual way, and the Collector, to whom the money order should have been addressed, should be advised of the credit according to the procedure in Chapter II, Section XII, Rule ^{2 of the Bengal Tauzi Manual, 1907}/_{66 of the R. B. and A. Tauzi Manual, 1909}. The remitter should also be advised of his error by a note on the money order acknowledgment. In the case of Road and Public Works cess the amount thus erroneously remitted should be transmitted by remittance transfer receipts to the Collector of the district to which the cess properly belongs, and the remitter of the money order should be advised of his error, as in the case of land revenue.

Procedure to be followed in cases of remittances received for estates situated in another district.

If it should be found that a Revenue money order has been erroneously issued for a remittance of some due other than Land revenue, Road or Public Works cess, the Treasury officer should make a note to that effect against the entry of the money order on the duplicate list, and forward the Coupon and Acknowledgment with an advice list (Form 4—G. M. O.) to the appropriate department for disposal under the rules in Part III of the Rules for Government money orders other than Revenue money orders.

Procedure to be followed in cases of remittance of some due other than land revenue and cesses.

28. If it should be found that any money order represents a remittance apparently not due to or intended for Government or any department or authority having an account in the Treasury, or that the amount of the money order cannot for this or any other reason be credited at once in the Treasury accounts, the amount should be disposed of according to the standing rules and practice of the Account Department, or be made over in cash to the officer who would have been entrusted with it had the money been paid in cash instead of by money order, or had it been sent as cash in an ordinary or registered letter.

Disposal of money orders which cannot be credited in Treasury accounts.

29. The Treasury officer will be responsible that the total of the amounts credited to the different departments and any sum made over in cash under rule 28 is equal to the amount of the Treasury voucher received from the postmaster and debited to the Post Office.

Responsibility of Treasury officer.

30. The next business to be done in the Collectorate will be a rough examination of the acknowledgments and coupons to see that the necessary particulars of remittance are given in each case. This examination should be made by the Taazi Navis and by the Certificate Department if a certificate has issued on account of Road and Public Works cess. If the amount due on account of any cess, interest and expenses are wrongly distributed by the remitter in the money order, the Certificate Department will correct the distribution. The fact that the amount remitted is less or more than is due is immaterial. If more than is due is remitted, the excess will be treated as a payment in advance; if less than is due is remitted it will be treated as a payment on account.

Examination of acknowledgments and coupons by Taazi and Certificate Departments.

If owing to omissions or errors in the particulars of remittance there is any uncertainty as to whether a remittance can be correctly credited according to the intentions of the remitter, a note should be made across the acknowledgment in red ink, stating how the remittance has been credited or what further particulars are required, and in the latter case the remitter

Errors and omissions to be noted across acknowledgments.

should be asked to send the required information immediately by letter. If a remittance of Land revenue by money order is received in the Treasury after the sunset of *kist* day, a note should similarly be made across the acknowledgment in red ink to the effect that the payment is "too late for *kist* day."

31. Immediately after the examination prescribed in the preceding rule the acknowledgments should be signed, dated and returned with the duplicate list or lists to the post office. The date on the acknowledgments must be the date of receipt of the Treasury voucher by which the money orders were paid. The Treasury officer will be responsible that the acknowledgments and duplicate list or lists are returned to the post office at latest by 4 P.M. on the day following that on which they were received in the Collectorate. The coupons will be retained in the Collectorate.

32. Whenever any communication is written by the Collector's office on the acknowledgment for the instruction of the remitter (see rules 27 and 30), a half-anna service postage stamp must be affixed to the acknowledgment before it is returned to the post office.

33. After the return of the acknowledgments to the post office, the coupons should be sent to the Tanzi Department so that the remittances may be entered in the departmental registers. The coupons should be initialled by a responsible officer of each department, and then be returned to the Collectorate. On each coupon is to be noted by the muharrir the date when he posted in the tanzi ledger the amount referred to in the coupon. The muharrir is to sign such note.

34. When the duplicate list or lists with the postmaster's acknowledgment for the documents returned to him are received back from the post office, they should be attached to the coupons and filed in the Collectorate.

Part IV.

DISPOSAL OF ACKNOWLEDGMENTS.

35. The acknowledgments appertaining to Revenue money orders received from the Collectorate will be sorted separately for each office of issue, and enclosed in envelopes (Form $\frac{4}{R.M.O.}$) addressed to the postmasters of those offices. The acknowledgments for orders issued at a branch office are not to be returned to the branch office direct, but through its account office. The closed covers will be made over to the sorting clerk for despatch, as unregistered articles.

36. Acknowledgments on which communications have been written but which do not bear a half-anna service postage stamp should not be charged with postage due but should be returned to the Collector's office for supply of the omission (see rule 32).

37. On arrival in the office of issue the envelopes will be opened and the acknowledgments contained in each envelope will be checked with the number of the money order; the envelopes will then be destroyed. The acknowledgments will next be stamped with the delivery or the date stamp and be sorted for distribution to postmen and village postmen. The numbers of all acknowledgments given to each postman and village postman will be detailed separately by the money order clerk, sub or branch postmaster in the postman's book or the village postman's register, the entries being repeated as often as the acknowledgments are given out for delivery.

38. The postman or village postman will obtain the remitter's signature or mark when delivering each acknowledgment in the postman's book or the village postman's register.

* It is to be understood that the date of receipt of the money order in the Treasury is the date of the Treasury voucher by which it is paid and not necessarily the date on which the acknowledgment is examined, signed or returned.

39. Acknowledgments which cannot be delivered in consequence of the remitter not being found will be returned by the postman or village postman to the money order clerk, sub-postmaster or branch postmaster, as the case may be, who will sign for them in the postman's book or village postman's register.

40. Undelivered acknowledgments will be kept in the office of issue (if a head office) for a period of twelve months, and if still unclaimed, will be destroyed.

41. In sub-offices and branch offices undelivered acknowledgments will be retained for a period of three months and, if still unclaimed, will be forwarded to the head office in an unregistered cover on postal service. Such acknowledgments will be kept in the head office for a further period of nine months, and, if then still on hand, will be destroyed.

42. Postmasters, sub-postmasters and branch postmasters of the offices of issue will be responsible that acknowledgments are delivered to remitters of Revenue money orders without any unnecessary delay and free of charge. Enquiries as to the punctual and free delivery of acknowledgments should be made from time to time from zamindars who may call at the post office to have Revenue money orders issued.

43. Remitters of Revenue money orders should be advised to examine carefully their acknowledgments for the money orders in case there should be any red ink note by the Collectorate calling for further particulars or indicating a doubt as to whether a remittance has been correctly credited according to the intentions of the remitter.

- (a) it is exported direct from the public warehouse at Naugaon, in the district of Rajshahi, by a person (hereinafter called the importer) to whom a pass has been granted by the Collector or Officer in Charge of Excise of the importing district, or by the authorised agent of such person :

Provided that, in the case of a Feudatory State in Orissa, such pass must be accompanied by a permit granted by the Commissioner of Orissa or by the Political Agent;

The said Subdivisional Officer shall, thereupon, fill up and sign the license on the back of the pass and of the two copies thereof received by post, authorising the importer or his authorised agent to purchase *ganja* from a licensed cultivator, and shall return the original pass to the importer for presentation to the Supervisor of *ganja* cultivation, to whom he shall also forward the duplicate and triplicate copies of the pass:

23. (1) Only *ganja* stored in the public warehouse shall be purchased.

(2) When the importer has completed his purchases, the Supervisor shall, on proof of the execution of a bond as prescribed in rule 26 and on production of the delivery order, the statement of purchases and the pass books of the cultivators concerned, issue the *ganja*. He shall first weigh each bag or chest in which the *ganja* is to be packed and mark in paint its number and weight thereon. The *ganja* shall then be weighed and packed in the bags or chests, dust and refuse being, as far as possible, removed. Bags shall be sealed along each seam and at the mouth. If chests are used, seals shall be affixed at the interstices between the planks, unless the *ganja* is enclosed in an inner covering of gunny, which should be sealed in the same way as has been prescribed in the case of bags. Each bag or chest must then be again weighed and the number and gross weight of each, the net weight of *ganja*, the number of the pass, the name of the importer and district to which the *ganja* is consigned must be legibly painted on each bag or chest.

26. (1) Except in the case of export to a Feudatory State in Orissa, the importer shall execute a bond (which may be either a general or a special bond) in the prescribed form in favour either of the Collector of Rajshahi or of the Collector of the importing district, binding himself, his heirs, successors and assigns to lodge the *ganja* within a reasonable time (to be fixed by the Subdivisional Officer of Naugaon) in an excise warehouse in the importing district, or to pay to the Collector of such district a sum equal to the amount of duty chargeable on the said *ganja*. The bond may also provide for the payment of penalty duty at such rate as may be prescribed on any deficiency or excess in quantity on the arrival of the *ganja* at its destination.

(2) If a bond has been executed in favour of the Collector of the importing district the fact shall be noted on the import pass by the officer who issues the same. In the event of the bond being executed in Naugaon, the Subdivisional Officer shall despatch the same by post to the Collector of the importing district in order that he may take necessary action thereon.

27. *Ganja* shall only be exported within the period for which the pass specified in rule 22 is current, or within such extension of the currency thereof as may be granted by the Collector of the importing district, or, if authorized by rules made in the importing province, to grant such extension by the Subdivisional Officer of Naugaon. Rules 22 to 25 and 27 shall apply, *mutatis mutandis*, to such exports, save that proof of the execution of a bond shall not be required.

Export of ganja to Hill Tippera.

29. *Ganja* may be exported from an excise warehouse in Tippera to Hill Tippera on prepayment of duty, and on the production of a permit (either general or special) from the Political Agent. 32. (1) The officer in charge of the warehouse shall, on production of proof of payment of the duty imposed under section 27, issue a pass to cover the consignment, and shall issue the *ganja* accordingly.

(2) The said pass shall be returned by the exporter to the officer in charge within the period specified therein.

41. The licensed wholesale vendor must submit the original copy of the pass within the period of its currency to the Collector or Subdivisional Officer within whose local jurisdiction the licensed wholesale warehouse is situated.

42. (1) On arrival in the district to which it is to be transported, the *ganja* shall immediately be taken direct to the excise warehouse specified in this behalf in the pass referred to in rule 39.

(2) Such warehouse must be a Government warehouse, where there is one, or, where there is no Government warehouse, then a private warehouse licensed by the Collector with the approval of the Excise Commissioner.

DURATION AND NUMBER OF LICENSES.

58. Licenses for the wholesale or retail vend of excisable articles may be granted for one year, from the 1st April to the 31st March, subject to the following provisions:—

- (1) licenses for the retail vend of country spirit, *ganja*, *bhanga* or *charas*, in the Calcutta district, may be granted for three years beginning on the 1st April;
- (2) licenses for the retail vend of *pachwai* may be granted for any number of years up to three beginning on the 1st April, in cases where the Excise Commissioner considers this advisable;
- (3) if any license be granted during the course of the financial year, it shall be granted only up to the 31st March next following;
- (4) season licenses for the sale of fresh *tari* may be granted for periods fixed by the Collector;
- (5) temporary licenses may be granted to provide for the supply of excisable articles on temporary and special occasions, *e.g.*, fairs, regimental camps of exercise, etc., and shall be limited to the period during which such temporary or special occasions last;
- (6) wholesale licenses for the supply and sale of excisable articles may be granted for any number of years not exceeding five, as the Local Government may decide in each case.

59. The number of licenses which may be granted for any local area shall be regulated by the needs of the people of that area, and no license for the sale of any excisable article in any local area shall be granted unless it is required either to meet an ascertained demand for such article or to counteract supply through illicit sources.

60. The general principles below stated shall be borne in mind, and shall be applied by Collectors so far as possible in fixing the number of licenses to be granted for the retail sale of liquor and *ganja*:—

Liquor and *ganja* shops should not be so sparsely distributed as to give to each a practical monopoly over a considerable area, or at least such a monopoly should only be allowed when prices can be effectively fixed. At the same time, two or more shops should not be equally convenient to a considerable number of persons. In other words, liquor and *ganja* shops need not be so limited in number as to make it practically impossible for a resident in a particular area to get his liquor or *ganja* except from one particular shop; but it should only be possible for him to obtain his requirements from two different shops at the cost of considerable inconvenience, and he ought to have as little freedom of choice in the matter as possible.

LOCATION OF SHOPS.

61. (1) No new shop shall be licensed, for the consumption of liquor on the vendor's premises,—

- (a) in a market-place, or
- (b) at the entrance to a market-place, or
- (c) in close proximity to a bathing ghât, school, hospital, place of worship, factory, or other place of public resort, or
- (d) in the congested portion of a village.

(2) So far as practicable, an established liquor shop licensed for the consumption of liquor on the premises should not be allowed to remain on a site which would not, under clause (1) of this rule, be permissible for the location of a new shop.

(3) In areas inhabited by aboriginal tribes or tea garden coolies, country spirit shops shall not be licensed to be placed immediately on the side of a main road or in any other prominent position that may place temptation in the way of such persons.

62. In granting licenses for new shops, and, as far as practicable, in granting licenses for established liquor shops, the Collector shall have regard to the following principles:—

- (a) a liquor shop should not be inaccessible to consumers, but it should not be in such a situation as to obtrude itself on the attention of the public or to render persons passing by subject to annoyance from persons drinking;
- (b) in towns, the position of a liquor shop should be so far public that persons entering it should not escape observation, and it should be such as to render supervision easy, but it should not be so prominent as to compel attention, *e.g.*, by occupying a whole side of a public square;
- (c) a liquor shop should never occupy a position to which the near neighbours object on grounds which, upon inquiry, appear to be sufficient and free from malice or ulterior motives.

63. Licenses for the retail sale of liquor at any place within two miles of the border of another district shall not be granted unless the Collectors of both districts concur, or, if they fail to concur, unless the Excise Commissioner so directs.

64. Except with the previous sanction of the Local Government no new shop shall be licensed for the retail sale of any excisable article within three miles of the State of Nepal or Bhutan or of the Native States of Hill Tippera or Cooch Behar, nor shall the site of any existing shop within such limits be changed by more than 440 yards from the site approved by the Local Government.

65. Licenses for the sale of foreign liquor for consumption on the vendors' premises shall only be granted in places where there is a proved demand on the part of a class of drinkers accustomed to foreign liquor, *e.g.*, in large industrial centres, or in towns where there is a population specially accustomed to drinking such liquor.

66. Licenses shall not be granted for the sale of foreign liquor and country spirit on the same premises.

PROHIBITION OF GRANT OF RETAIL LICENSES TO CERTAIN PERSONS.

67. Licenses for the retail sale of any excisable article shall not ordinarily be granted—

- (a) to any persons who have been convicted by a Criminal Court of a non-bailable offence, or
- (b) to former licensees who are in arrears to Government, or whose conduct has been found to be unsatisfactory, or who have been found guilty of any serious breach of conditions of their licenses.

68. No license shall be granted to any person who is interested either directly or indirectly in the manufacture or sale of any excisable article in any foreign territory or Native State within or bordering upon Bengal.

69. No license shall be granted to an outstill licensee for the retail sale of foreign liquor or distillery spirit or *tari* in a shop within twenty miles of his outstill.

70. No license shall be granted to a distillery shop licensee for the retail sale of foreign liquor or *tari* in a shop within twenty miles of his distillery shop.

71. No license for the retail sale of country spirit shall be granted to any person who has been granted the exclusive privilege of manufacturing or supplying to retail vendors or of manufacturing and supplying country spirit to retail vendors thereof within a specified area, or to any person who has a joint interest either directly or indirectly with the grantee of an exclusive privilege as aforesaid, in such grant.

PROHIBITION OF SALE TO CERTAIN PERSONS.

72. (1) No excisable article shall be sold—

- (a) to any Railway servant at the time on duty, to any Excise or Police-officer below the rank of Sub-Inspector being in uniform, any European vagrant under Police escort, or any insane person, by any licensed vendor or by the agent or servant of any licensed vendor, or
- (b) to any soldier, whether in uniform or not, or any member of, a soldier's family, or any camp-follower, by any licensed vendor or the agent or servant of any licensed vendor, unless such licensed vendor has been approved by the General Officer Commanding the Division or the Officer Commanding a Cantonment or camp:

9. (1) Monthly tickets are, at the option of the payers, issued to boats carrying passengers, grass or perishable articles going to the Orphangunge Bazar or to Dhappa. The cost of these tickets is at six times the ordinary toll as calculated by the above rates, if the tickets are issued at the Supervisor's office, and at ten times the ordinary toll as calculated by the above rates, if the tickets are issued at the toll-station at Dhappa or at Kidderpore.

(2) Monthly tickets at ten times the ordinary toll as calculated under item 1 of the Schedule for entering the canals from the eastward will be issued to boats carrying passengers, vegetables and perishable goods for plying within the Circular, New Cut and Kristapur Canals. These tickets will not entitle the boats to pass through the Dhappa or Chitpur Lock, but they will be allowed to pass the Kristapur Toll-station.

10. *Excess tolls.*—Vessels which are passing through the canals, and which enter either empty or partially loaded, are liable to pay excess tolls at the above rates, if their tonnage by canal measurement is greater when they are leaving the canals than it was when they entered them. Vessels entering at Chitpur, Kidderpore, and Chetla for the purpose of loading in the canals pay at the time of entry with reference to their line of usual immersion according to Canal Rules.

11. *Demurrage.*—Every vessel, raft or float, which has paid toll, shall be allowed three days for passing through the Circular Canals and two days for Tolly's Nala between Gurreah and Kidderpore, and three days for Soorah outside Dhappa Lock, the days of entering and leaving being both included. In addition to these periods, they may, without further payment, remain in the canals for the further undermentioned periods, that is to say—

Boats.—Two days for the first hundred maunds and one day for every hundred maunds above the first hundred maunds.

Floats.—Two days for any number of timbers not exceeding fifty, and one day for every additional fifty.

Rafts.—Two days for any number of bamboos not exceeding five hundred, and one day for every additional five hundred.

Every vessel, raft or float remaining in any part of the aforesaid canals longer than the period allowed under the foregoing rules shall, for each day in excess of such period, be charged demurrage equal to one-half of the toll payable under the schedules above, provided that the demurrage charged shall in no case exceed Rs. 5 per diem.

[*Note.*—Open dinghees accompanying large boats are entitled to the same demurrage allowance of time as the parent boats.]

12. Steamers or flats passing through the Lower Sunderbans Channels must pay tolls at the rate of Rs. 5 each before leaving and on return to Calcutta.

13. (1) During neap-tides, when there is not sufficient water in the Tolly's Nala near Russa for the navigation of boats laden with firewood, they will be allowed to proceed to or from the river Bidyadhari through the Circular Canal on payment of a rate of eight annas per 100 maunds of measured maundage for passage through that canal, in addition to the rate ordinarily payable for entering or plying in Tolly's Nala.

(2) For the purposes of reckoning demurrage charges, in the case of such boats, under item 11 of the Schedule, two extra days will be allowed over and above those provided for vessels plying in the Tolly's Nala.

(3) Boats plying under this concession will not be allowed either to load or to unload along the Circular Canal or river Hooghly. Infringement of this rule will render the boats liable to the ordinary tolls in force for the Circular Canal.

14. *Additional toll.*—All boats, steamers and flats, after passing out of the Dhappa Lock, must proceed outside the toll limit at Bamanghata within 48 hours; otherwise a fresh toll will be levied in accordance with the rules in force.

15. (1) During the period from the 1st December to the 15th June, boats laden with rice or paddy will be allowed to proceed to or from the river Bidyadhari through the Circular Canal and the Tolly's Nala *via* Kidderpore on payment of a rate of Re. 1-12 per hundred maunds of measured maundage for passage through these canals.

(2) Boats plying under this concession will be charged the ordinary concession rate of Re. 1-12 per hundred maunds, and on leaving Tolly's Nala a further charge of 12 annas per hundred maunds only will be made if loaded with cargo other than paddy or rice, the maundage charged for and the amount charged being endorsed on the back of the concession ticket by the Toll Collector, Kidderpore.

(3) If any boat picks up more cargo, either in the Hooghly or in the Circular Canal, the Toll Collectors at Chitpur and Dhappa, respectively, will assess and collect the extra toll due on the cargo at 12 annas per hundred maunds, provided that the muidage of the boat does not exceed that when it originally entered at Dhappa.

(4) If there is an excess on leaving Tolly's Nala, a rate of Rs. 2-8 per hundred maunds will be charged on the extra cargo at Kidderpore. This will entitle the boat to pass through to Dhappa Lock and out without any further payment.

(5) If the cargo is picked up either in the Hooghly or in the Circular Canal, the extra toll on the extra amount will be charged at the rate of Re. 1-12 per hundred maunds.

(6) For the purposes of reckoning demurrage charges under item 11 of this Schedule in the case of boats laden with rice or paddy during the period from the 1st December to the 15th June, two extra days will be allowed over and above those provided for vessels plying in the Tolly's Nala.
